This is the thirty-seventh edition of the Annual Statistical Report. The purpose of the report is to provide consistent and accurate statistical and graphical information on some aspects of the activities of the University of Guelph. The emphasis in this year’s edition, as in past editions, is on enrolment and enrolment-related data and trends.

The Annual Statistical Report consists of four sections:

- Section 1.0 - Undergraduate Student Enrolment Data
- Section 2.0 - Graduate Student Enrolment Data
- Section 3.0 - Course and Faculty Counts
- Section 4.0 - Collective Enrolment-Related Statistics

All data, unless otherwise stated, are based upon the Ministry of Training, Universities reporting dates: June 30, 2011 (summer term), November 1, 2011 (fall term) and February 1, 2012 (winter term).

Copies of the 2011/2012 Annual Statistical Report are available on request and on line through the University of Guelph homepage - Services - Resource Planning and Analysis - Reports.
