2013/2014 Annual Statistical Report

A Collection of University of Guelph Enrolment and Enrolment Related Statistics for the Academic Year

This is the 39th edition of the University of Guelph Annual Statistical Report. The purpose of the report is to provide consistent and accurate statistical and graphical information on some aspects of the activities of the University. The emphasis is on enrolment and enrolment-related data and trends.

The Annual Statistical Report has four sections:

Section 1.0 - Undergraduate Student Enrolment Data
Section 2.0 - Graduate Student Enrolment Data
Section 3.0 - Course and Faculty Counts
Section 4.0 - Institutional Enrolment Related Statistics

All data, unless otherwise stated, are tabulated based on the Ministry of Training, Colleges & Universities (MTCU) reporting dates of:
June 30, 2013 (summer term), November 1, 2013 (fall term) and February 1, 2014 (winter term).

Copies of the 2013/2014 Annual Statistical Report are available on request and on line through the University of Guelph homepage - Services - Resource Planning and Analysis - Reports.
