

U of G Online Course Course Evaluation System

Request for Course Evaluation Scanning

CCS provides a service to U of G faculty and staff for scanning U of G's course evaluations forms prepared in class. Departments who use this will be able to view results online at:

<https://courseeval.uoguelph.ca>

It is recommended that all Test Scoring sheets are picked up from the CCS Help Centre as soon as possible after an electronic notification of results have been received. Sheets not picked up will be returned by campus mail/Grounds to the Dean's Office of the College after the final exam period of the current semester. CCS assumes no responsibility for Test Scoring sheets lost or damaged while being returned by campus mail/Grounds.

If you have any questions regarding the CEVAL system, please contact the CCS Help Centre either by telephone at x58888 or online <http://www.uoguelph.ca/ccs>.
