OVC ANIMAL WELFARE CLUB presents the 18th Annual
Animal Welfare Forum

Join us for an exciting day exploring animal welfare issues with current experts in the field.

Featuring:

Mass depopulation of animals in emergencies: Working towards more humane solutions and policies
Dr. Pat Turner, Ontario Veterinary College, University of Guelph

Weird and wonderful? The human fascination with extreme companion animals and their impact on animal welfare
Dr. Rowena Packer, Royal Veterinary College, University of London

Breathlessness: An overlooked animal welfare insult
Dr. David Mellor, Massey University, New Zealand

Farmed mink as a model for carnivora abnormal repetitive behaviour
Andrea Polanco, Ontario Agriculture College, University of Guelph

Practices for the disbudding and dehorning of dairy calves by veterinarians and dairy producers in Ontario
Dr. Charlotte Winder, Ontario Veterinary College, University of Guelph

A canine and feline welfare assessment tool for use in companion animal veterinary clinics
Dr. Lauren Dawson, Ontario Agriculture College, University of Guelph

Applied swine health research topics: Bringing research to the farm to inform swine welfare
Dr. Terri O’Sullivan, Ontario Veterinary College, University of Guelph
