CHILD, YOUTH and FAMILY
1st Edition – August 24th

Science in Practice

2016-2017
Student Handbook
Child, Youth and Family Program Handbook

This handbook is intended to serve as a guide for Child, Youth and Family students, and to offer supplementary information about the program, department and the University of Guelph. It does not replace the information that is in the University of Guelph Undergraduate Calendar http://www.uoguelph.ca/registrar/calendars/undergraduate/current/. The format is meant to answer some of the questions asked most frequently about the Child, Youth, and Family Program for first year students at the University of Guelph.

Interim Chair
Paula Brauer
pbrauer@uoguelph.ca
Telephone: 519-824-4120, Ext. 56321
MINS 245

Program Counsellor
Linda Zehr
bascprog@uoguelph.ca
Telephone: 519-824-4120, Ext. 58964 (for appointments)
MINS 253

For appointments please telephone Lina Fracasso at X 58964 or email bascprog@uoguelph.ca and follow the instructions to book your own appointment. Instructions are also included in the Planning Your Program section in this manual. Contact the Program Counsellor regarding special academic considerations related to health or compassionate issues, general career planning and services and curriculum planning, and approval for students taking courses outside the standard program plan, e.g. students who have taken courses at other universities.

Faculty Advisor
CYF Regular and Co-op Programs
Dr. Tricia van Rhijn
tvanrhij@uoguelph.ca
x52412, MINS 215

Contact your Faculty Advisor about academic performance, courses, program planning and career information specific to the CYF/CYF Co-op major.

Undergraduate Curriculum Committee
Chair
Dr. Andrea Breen
abreen@uoguelph.ca
Student Academic Representative
To be determined

Contact the Chair of the Undergraduate Curriculum Committee or your Student Representative for questions related to existing curriculum or the development of new curriculum.

University Child Care and Learning Centre
Director, Valerie Trew, trewv@uoguelph.ca

Course Instructors
Contact your course instructor if you are unable to complete an assignment or mid-term examination as specified in the course outline. Refer to Faculty Research Interest section of this manual for a list of faculty and their research interests.
Your name and uoguelph.ca address will be put on the mailing list for the CYF Listserv. On this Listserv, you will receive important messages from CYF faculty and students. You can ask questions or share information by sending a message to cyf@listserv.uoguelph.ca.

Department and Program Overview

The Department of Family Relations and Applied Nutrition is one of the departments in the College of Social and Applied Human Sciences (CSAHS). The College was created in 1998 through the merger of the former College of Family and Consumer Studies (FACS) and College of Social Science (CSS). The College traces its history back through FACS to Macdonald Institute, one of the founding colleges of the University of Guelph.

CYF is one of the three majors of the Bachelor of Applied Science (B.A.Sc.) program. The other majors are Adult Development (ADEV) and Applied Human Nutrition (AHN).

The focus of the Child, Youth and Family (CYF) major is the examination of psychological, social and physical conditions which influence the growth and development of children and adolescents. While the focal point of the major is on children and youth, the family is regarded as a primary context of development and as the key to successful interventions for children with developmental, behavioural, or socio-emotional difficulties. Through the effective use of elective courses, the core requirements in the major can be supplemented to create a program of study which will prepare graduates for a variety of careers in child and youth services.

The CYF major places a child’s physical and social development in the context of the family and the community. It prepares students for future careers in a variety of social services geared toward young people. The CYF major combines the rigors of the biological and social sciences, enabling students to look at the child from infancy to adolescence in a variety of family and community settings. Courses in human/child development, physiology, and couple and family dynamics are taught by recognized leaders in their fields and complemented by practicum courses to provide theoretical and first-hand experience with children and youth.

The academic program in the CYF major provides a combination of traditional lectures and seminars with the application of theory in practicum courses. These practicum courses enable students to apply the social and biological components of human development in various family, community and educational settings. Students work directly with young children in the Child Care and Learning Centre or with youth in the community for one semester during their 3rd year; and an optional practicum, FRHD*4170 in 4th year in a community agency or school placement for one semester. Also, a lab exercise is conducted at the Child Care and Learning Centre for the FRHD*3180, Observation and Assessment Laboratory course. This variety of experiences affords students greater opportunity to apply the theory obtained in class to real-world issues.
The Co-operative Education Program in Child, Youth and Family enables students to get on the job experience which deepens the connection between study and professional work. Co-op helps students connect theory to real-world experience and apply working knowledge to gain a greater understanding in classes.

CYF is a unique and well-rounded program that is made up of a core of child and family development courses, complemented by courses as diverse as program design for children and youth, physiology, and human sexuality. Graduates from the University of Guelph CYF major are said to be some of the best-rounded and prepared young professionals in their chosen fields.

The University of Guelph’s CYF program prepares its graduates well for the competitive field of working with children, youth, and their families. Its blend of practical and classroom components is unsurpassed by similar programs. We hope you find this program an enjoyable and rewarding educational experience!

Graduates are pursuing child and youth-related careers in a variety of settings including child and youth treatment facilities, elementary schools, pediatric wards in hospitals, family and community service agencies, and child care centres. Further academic preparation may be required for certain careers. Many graduates go on to pursue graduate education in fields such as family studies, human development, psychology, counselling psychology, social work, speech pathology, and occupational therapy.

Adjusting to the University of Guelph

You are in a new learning environment. Take advantage of the many services available to welcome you and support your learning.

General Tips

- Check your uoguelph.ca email address regularly! Email is the main form of communication for all university departments
- You’ll get messages from:
  - CYF Listserv. All CYF students are on this Listserv. Messages include information on curriculum changes, volunteer positions, job opportunities as well as student activities.
  - Various Administrative Departments (i.e. Registrar, Financial Services, Student Housing)
  - Your professors about course work
  - Your friends, once they know your University of Guelph email address
- Unless your course instructors/professors tell you otherwise, address all of your instructors, in person and in email correspondence, as “Professor” + Last Name

Getting Involved

- Participate in activities organized by the Child, Youth and Family Student Association (CYF-SA) to meet your colleagues and hear about how they handled their first year in the program. Look for future advertising from the CYF-SA for ways to get involved and great volunteer opportunities.
- See the Central Students Association (CSA) for a full listing of clubs: [http://www.csaonline.ca](http://www.csaonline.ca)
• Get to know the University of Guelph campus:  http://www.uoguelph.ca/campus/map/
• Get to know the Guelph community and what it has to offer. Visit the City of Guelph web site at http://guelph.ca.
• If you live on campus, consult your Interhall Council: http://www.interhall.org and residence life staff for involvement opportunities.
• If you live off campus, contact Student Life – Off Campus Living (OCL) at http://studentlife.uoguelph.ca/ocl/
• Participate in activities and opportunities by the College of Social and Applied Human Sciences Student Alliance (CSAHS-SA) to meet some of the other students in your college.

Campus Map
Get to know the University of Guelph campus, go to: http://www.uoguelph.ca/campus/map/

University of Guelph Policies
http://www.uoguelph.ca/policies/

The above named website provides links to the most current versions of University of Guelph policies, procedures and guidelines.

University policies are established by Senate and the Board of Governors. As well, operational and/or managerial policies and regulations are established by administrative units to carry out university policies and applicable federal or provincial legislation.

Policies and procedures related to undergraduate programs are available in the University of Guelph Undergraduate Calendar

An alphabetical listing of policies is also available at http://www.uoguelph.ca/policies/

Study Places

There are a multitude of places to study on campus. The University of Guelph is now wireless so you may access information for courses and study from anywhere on campus.

McLaughlin Library
The McLaughlin Library is your most important resource at the university and the webpage is http://www.lib.uoguelph.ca/. Our library is part of a partnership involving the libraries of the Universities of Guelph, Waterloo and Wilfrid Laurier. Our library system connects students to electronic journals, computer-based indices, abstracts and website resources. It has private group study rooms and laptops available for sign-outs; study carrels and computers throughout.

MINS Student Lounge
Located in the Macdonald Institute, the student lounge contains numerous couches, chairs, tables, and vending machines. This is also the place to find the CYF Student Association office.
MACS Computer Room
Attached to the MacDonald Institute Building at the very edge of north campus, this lesser used room on the third (MACS 243) floor of the MacDonald Stewart Building is open for students and boasts several banks of computers when it is not being used for classes.

Bullring
Originally an arena for the showing of cattle, this building has served a number of different roles over its history. Its recent renovation into a coffee shop completes a multi-year CSA program to make the space open all day as a lounge for students. Come by and grab a coffee or some affordable food. Relax and crack open a book.

Pages Coffee-House
Located on the second floor of the Bookstore (MacNaughton Building), surrounded by windows, Pages Coffeehouse is bright and airy. Study at tables, or on the comfy couches.

Daily Grind Coffee House
This casual, relaxing environment on the first floor of the University Centre offers tables and couches, and a menu of coffees, beverages, sandwiches, and desserts.

UC Airport Lounge
Located on the second floor of the UC, just outside the CSA offices, this study space has chairs, tables, and carrels, overlooking the UC courtyard.

Residence Study Rooms
Each residence has certain areas or specific rooms designated for studying. They vary depending on the space, resources, and time of year. Check your Residence desk for details.

Outdoors
If you prefer the great outdoors, there is the greenhouse and water garden located near the University Centre bus stop area or The Arboretum. The Arboretum location may be found at the following link: http://www.uoguelph.ca/campus/map/arboretum.

Study Tips

- Learn about Residence Learning Communities and Academic Clusters which includes a BASc cluster. Further information is outlined on the brochure at: http://www.housing.uoguelph.ca/page.cfm, click Undergrad Housing, and then click Residence Learning Communities.
- Visit the Learning Commons in McLaughlin Library to find out about Learning Services and Writing Services to help you build your skills. They offer group sessions and individual support.
- Find out about Supported Learning Groups (SLG) from the web site: http://www.lib.uoguelph.ca/about/about-our-teams/learning-curriculum-support/supported-learning-groups-slg. Peer helpers host informal study sessions for some courses, such as PSYC*1000 Introduction to Psychology.
- Find other students in your classes to join study groups to discuss issues and support your learning.
- If you fail a mid-term or have difficulty on an assignment, seek help immediately from the course instructor or teaching assistant to start dealing with your problem. The semester is too short to put off getting help.
• Use links from the Learning Commons website to connect you with a wealth of study resources. http://www.lib.uoguelph.ca/get-assistance.
• Eat well, enjoy physical activity and take time to sleep so you can be at your best for lectures and studying.

The Library

Familiarize yourself with the abundance of library’s services and resources including finding books, videos, journal articles and conducting research. Take a library tour, attend a workshop and browse the library website. http://www.lib.uoguelph.ca/

Textbooks

University Bookstore
http://bookstore.uoguelph.ca
Located in the MacNaughton Building, this bookstore should have all books and materials needed for your classes. It offers both new and used books, and the opportunity to sell your used textbooks to them at certain times of the year.

Guelph Campus Co-operative - Co-op Bookstore
http://www.guelphcampus.coop/
Located in the basement of Johnston Hall, this bookstore offers a money saving membership and has both new and used textbooks; however, you are unlikely to find course packs here. The Co-op Bookstore also has a textbook buy-back program at certain times in the semester.

http://www.thecannon.ca
Run by the Central Student Association, this website has a ‘buy and sell text books’ function that lets you browse text books by subject in the Classifieds. You can also post your books to be sold.

CYF-SA Book Swap
The Child, Youth and Family Student Association usually have a book-swap at the beginning of each semester. This is a great way to get books for your classes, sell your used books, and talk to students who have taken the classes before. Check your email for more information.

A Tip for Book Buying
Buying used textbooks will save you money in the long run, but make sure that you are purchasing the correct book, with the correct edition number for your particular class and professor. Books can change from semester to semester and between professors.
Decoding Course Descriptions

Information regarding course labeling, codes, prerequisites and restrictions are outlined in the Undergraduate Calendar at the following link:
http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c12/index.shtml

Booking Appointments

There are a number of ways to arrange an appointment with Linda Zehr, the Bachelor of Applied Science (BASc) Program Counsellor including:

- Arrange your own date and time. Instructions are listed below. The instructions will also be listed in the bascprog@uoguelph.ca auto reply
- Email bascprog@uoguelph.ca and suggest several dates and times that you are available.
- Telephone 519-824-4120, Ext. 58964 and again suggest dates and times.
- In person, drop by MINS 253 during business hours (8:30 am to 4:30 pm, closed from 12:00 pm to 1:00 pm).

Instructions to Book Your Own Appointment:

Step 1 – Find an available time

Go to URL:
https://outlook.office365.com/owa/calendar/c7951d769926443a8d77e695d4460619@uoguelph.ca/2929f179e47a485b96eb9c57e55806d7304753222105529349/calendar.html.

You cannot book an appointment using the URL calendar view. The calendar is for determining available dates and times. To book the actual day and time see Step 2.

Go to top right of the screen and click Week. This calendar view is easier to see available times. The majority of student appointments are scheduled Monday to Thursday from 9:30 am to 11:30 am and from 1:30 pm to 3:30 pm. Our office is closed between 12:00 pm and 1:00 pm. Times that are not available are marked as Busy. If a time slot is blank, the time is available.

Step 2: - Book your appointment date and time

Once you find a free time, go to Google Apps icon in the upper right hand corner of the screen and then click on Calendar

Click on the available date and time on the calendar

When: Appointments are 30 minutes. The default on Google Calendar is 60 minutes so please change the end time, for example, 10:00 am - 10:30 am. The time is Eastern Standard Time. Please do not book a time or a time period if it is “Busy”
Step 3 – Enter details

Click on Edit Event

Event: enter your name

Where: enter MINS 253

Description: Include your ID number, major, telephone number and what issues you would like to discuss for example, course planning, grad check, dropping courses, transferring to BASc, etc.

Add bascprog@uoguelph.ca at “guests” (on right hand side of the screen)

Step 4 – Save your invitation

Click Save. Select “send invitation”

The BASc Secretary will receive your request and you will receive a response, Yes, I will attend (meaning it is confirmed), No, I will not attend (meaning the time is not available) and you will receive an email to find another date and time.

If you have difficulty finding a free time, please email bascprog@uoguelph.ca and suggest several dates and times that you are available or call 519-824-4120, Ext 58964.
**Program Plans**

The following pages can be used to plan your required courses and electives throughout your time in the CYF or CYF: Co-op program based on the 2015-2016 Undergraduate Calendar. Course offerings and curriculum are subject to change. Please refer to the on-line 2015-2016 Undergraduate Calendar for further information on the majors. Please note that course offerings are subject to change. Courses designated as DE are offered as a Distance Education (on-line) format.

Restricted Electives: In addition to the 11.50 required credits, 0.50 credit must be taken from the Department of Family Relations and Applied Nutrition at the 4000 level (excluding FRHD*4170 Practicum in Child, Youth and Family)

**Electives**

The number of electives at various levels is not mandated in BASc majors (AHN, CYF and ADEV). There is no specific limit to the number of 1000 level, 2000 level, etc., elective courses allowed throughout your program. Also when planning electives, check the course description in the Undergraduate Calendar as the course may have additional prerequisites or a co-requisite other than what is required in the major. Course offerings are subject to change.

**Elective Ideas for CYF Students**

Please note that course offerings are subject to change. Courses may have scheduling changes, Priority Access (PA) which means the course may be restricted to certain degree programs or majors or are offered through Distance Education (DE) format only. Also when planning electives, check the course description in the Undergraduate Calendar as the course may have additional prerequisites or a co-requisite other than what is required in the major.

Please refer to the Undergraduate Calendar or WebAdvisor for further information regarding when a course is offered, prerequisites and restrictions. Also watch for announcements on the CYF listserv.

Remember that electives are an opportunity to try out different content areas and see what peaks your interest! Of course, they are also used to meet requirements for your future careers and further education – see “Careers and Further Education” section in the handbook for this information.

</tbody>
</table>
ADDITIONAL ELECTIVES: Recommended electives are provided for the following career paths in the Careers and Further Education section on page 33 of this manual:

- Child and Youth Services
- Early Childhood Education
- Teaching
- Graduate Education

NOTE: Consider exploring electives in other departments and beyond those listed above. You are able to take electives in many areas provided you have the prerequisites and it is not restricted to the major. Please refer to WebAdvisor for further information.

CYF-The Practicum Experience

Practicum courses are a unique component of the BASc degree. The practicum experience provides students an opportunity to work alongside professionals in the field and receive ongoing supervision and feedback. It is this experience that enables students to integrate what they learn in the classroom with professional practice. All CYF students are required to take a practicum either in Child (FRHD*3200) or Youth (FRHD*3250) in either the Fall or Winter of the third year of study. In the fourth year of study, students may take an optional practicum course (FRHD*4170), offered in the Fall, Winter and Spring semesters. Students intending to apply to the college of Early Childhood Educators must take the 4th year practicum to qualify. Please see Early Childhood Education section under Careers and Further Education regarding applying for membership to the College of Early Childhood Educators.

Students taking the 3rd year Practicum in Child are placed in the Child Care and Learning Centre. Students registered in the Practicum in Youth are placed in elementary and high schools within Guelph. In the 4th year practicum, students are given a choice of placement options within educational facilities or within a range of community agencies and human service organizations serving children and youth.

A required course that prepares students to go into practicum is Principles of Program Design for Children (FRHD*2040) or Youth (FRHD*2300) offered in the Winter of the second year of study. It is within this course that students prepare to be placed in a practicum that corresponds with their interests and learning objectives. It is important that students take the Program Design course in sequence and not before the winter of their second semester.

Students must have the consent of the Practicum Coordinator or designate to take practicum courses. This includes having a course waiver signed to register for the course. Once registration for the practicum is confirmed, a lottery system is used to determine which semester students will register for their third and fourth year practicum. The Practicum Coordinator matches students with available placements. Sometimes students decide to study part time or take courses out of sequence. If that is the case for you, it is essential that you are in touch with the Practicum Coordinator as early as possible. This will ensure that you are not missed in the preparations for placement.

If a student decides to withdraw from the practicum course, it is essential that he or she notify the Practicum Coordinator and Course Instructor immediately.
Academic Frequently Asked Questions

The website for the Undergraduate Calendar is:
http://www.uoguelph.ca/registrar/calendars/undergraduate/current/
There are a number of questions which direct students to Section VIII, Undergraduate Degree Regulations and Procedures of the calendar and that link is:
http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/index.shtml

Where can I find information about important academic dates?
Each year, important dates for the academic year are listed on WebAdvisor, http://www.uoguelph.ca/registrar/calendars/. The same information is under the Schedule of Dates in the undergraduate calendar

Can I take a Minor?
As of the 2013-2014 Undergraduate Calendar, CYF majors were allowed to declare a minor and submit the relevant documentation. You need to consult with the BASc Program Counsellor. If you are interested in doing a minor, review the course requirements of the many minors as listed under the Bachelor of Arts (B.A.)
http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c10/index.shtml and plan your elective course choices accordingly.

Listed below are a few examples of minors. Please feel free to explore other subject areas at http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c10/index.shtml

Business Administration (BADM)

Criminal Justice and Public Policy (CJPP)*
*This minor has specific course and grade average requirements before it may be declared. Please consult Undergraduate Calendar for details:
https://www.uoguelph.ca/registrar/calendars/undergraduate/current/c10/c10ba-cjpp.shtml

Ethics in Life Sciences (ELS)
French (FREN)
International Development (ID)
Psychology (PSYC)
Sociology (SOC)

To locate the Faculty Advisor for the Minor you are interested in check Undergraduate Academic Information Centre under Academic Advisors at http://www.uoguelph.ca/uaic/academicadvisors.

Can I take part in an international exchange or study in another country?
The University has programs for studying abroad and information about them is available from Centre for International Programs, Level 3, University Centre, http://www.uoguelph.ca/cip/. Depending on the courses offered in other countries, international study may add one or two semesters to your program in order for you to schedule all of the courses required in the ADEV program. Planning for international study requires consultation with your Program Counsellor and the Centre for International Programs.
Can I take a course at another university and get credit towards my program?
If you want to take a course at another university and get credit towards your degree, you must complete a Request for Letter of Permission form. Review the “Letters of Permission” topic within the “Undergraduate Degree Regulations and Procedures” section of the Undergraduate Calendar.

Should I keep my course outlines?
Yes. We receive frequent requests from students following graduation for copies of their course outlines for various reasons, such as applying for membership in a professional college. Most course outlines for Family Relations and Applied Nutrition courses are posted on our website at: http://www.uoguelph.ca/family/undergraduate-courses

What scholarships and awards are available?
Information about scholarships and awards is available in the undergraduate calendar. There are three types of awards available: scholarships, bursaries, and access awards. Scholarship applications are based on academic achievement and extracurricular involvement. Bursaries and Access Awards are distributed on the basis of financial need, as well as academic achievement and extracurricular involvement. The link in the undergraduate calendar is listed below and further information may be found regarding requirements, application procedures and deadlines. http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c09/index.shtml

What marks do I need to stay in the program?
Generally you are required to maintain a minimum average of 60% to stay in the program. There is some leniency for the first 5.00 credit attempts. Please review the “Continuation of Study” topic within the section “Undergraduate Degree Regulations and Procedures” of the Undergraduate Calendar. Consult with your Program Counsellor if you have questions or concerns.

What if I have health or other problems that are affecting my academic work?
Student Health Services is located in the J.T. Powell Building for treatment of your health concerns. To discuss academic concerns as a result of health conditions, make an appointment to talk with the Program Counsellor. You may also visit Counselling Services, Level 3 at the University Centre to help manage your difficulties. Read carefully the “Academic Consideration and Appeals, Petitions” section under “Undergraduate Degree Regulations and Procedures”, especially the sub-section “Academic Consideration” and “Student Responsibilities” to be sure that you follow the necessary procedures. If you miss an assignment deadline or a mid-term exam, contact the course instructor as soon as possible. Check the course outline to see if there is a standard process for handling missed assignments and/or mid-terms.

Can I drop a course?
If you feel that you absolutely must drop a course, the procedure is actually quite easy. Before making the decision, see how dropping the course will affect your Program Plan. If the course is a prerequisite for other courses, contact your Program Counsellor or Faculty Advisor to ensure you have a feasible plan for completing your degree. If you drop a required course, you must take it again in another semester. You need 20 credits to graduate; therefore, you may have to take an extra course either in the summer or during another semester. Check when the course is offered again. You must drop courses that are one semester long by the end of the 40th class day. Check the Undergraduate Calendar for the actual date. You may drop the course on Web Advisor. Refer to the Student Financial Services website regarding refunds at http://www.uoguelph.ca/registrar/studentfinance/index.cfm?fees/refunds. If you are on OSAP (Ontario Student Assistance Program), there may be consequences on your OSAP funding when dropping your course load below 1.50 credits. Contact Student Financial Services at fininfo@uoguelph.ca or call 519-824-4120, Ext. 58715 before dropping courses.
Can defer a final exam?
You may request to have a final exam or final assignment deferred if you have medical, psychological or compassionate grounds. You must submit your Request for Academic Consideration (RAC) within 5 days of the missed final examination or final assignment. A deferred exam is usually written during a specified time early in the following term. If you are unable to write a final exam, contact the BASc. Counselling Office to arrange an appointment to ensure all appropriate procedures are being followed. See also the, “Deferred Privileges” in the “Undergraduate Degree Regulations and Procedures” section of the Undergraduate Calendar.

What if I need an extension on an assignment?
Each course and professor should have specific procedures outlined in the course outline which you are given in the first week of classes. Check this outline and speak to your professor about any problems with completing an assignment. Be sure to do this early!

How will I find out my final grades?
Grade reports are released shortly after conclusion of the final examinations, on the date specified by the University. You may access an unofficial copy of your grades using WebAdvisor from the University of Guelph web site on the same release day.

What if I fail a course?
If you fail a course, you have a chance to take a course again or an alternative course. The summer semester provides opportunity to catch up with failed courses or take electives to lighten course loads in later semesters. For more details, see “Failed Courses” in the “Undergraduate Degree Regulations and Procedures” section of the Undergraduate Calendar. If you believe that there are extenuating circumstances related to failing the course, see the Program Counsellor for assistance. The Program Counsellor will also be willing to meet with you to create a plan to maximize your success when you re-take the course.

What if I think there was a mistake on the final grade for one of my courses?
You may request a grade reassessment. To do this you must submit a request in writing to the chair of the department offering the course, no later than the 10th day of class of the succeeding semester. For details on this process, see “Grade Reassessment” in the “Undergraduate Degree Regulations and Procedures” section of the Undergraduate Calendar.

What if I’m not sure that I’m in the right program?
Make an appointment to talk with the BASc. Program Counsellor. You can discuss your interests, academic progress, and goals, and consider options and alternatives. You can clarify the degree requirements and find out about other services.
May I apply to transfer into another BASc major?
If you wish to transfer into Adult Development or Child, Youth and Family, please contact the BASc Program Counselling Office at bascprog@uoguelph.ca, telephone 519-824-4120, Ext. 58964 or drop by the office in MINS 253. There is an internal BASc application form to complete which is available in MINS 253. If you wish further information regarding the high school subject requirements, the course requirements and the grade average required, please arrange an appointment with Linda Zehr, the BASc Program Counsellor.

May I apply to transfer into another University of Guelph degree program?
If you wish to transfer to another University of Guelph degree program, please contact Admission Services for details regarding the transfer application process and deadlines, the high school subject requirements and the grade average required. Admissions Services may be reached at admission@registrar.uoguelph.ca, telephone 519-824-4120, Extension 58721 or 3rd Floor University Centre. The degree programs and affiliated majors are listed in the Undergraduate Calendar at: https://www.uoguelph.ca/registrar/calendars/undergraduate/current/c10/index.shtml
If you have questions regarding course requirements for other majors, please contact the relevant Program Counselling Office and their contact information is at: https://www.uoguelph.ca/uaic/programcounsellors.

Where do I find the schedule of courses for a particular semester?
The course schedule is available on WebAdvisor>Students>Search for Sections.

Why can’t I register for a course I need for my program?
- There are a number of reasons why you may not be able to get into a course at a certain time:
  - It may not be your course selection window
  - Some courses are restricted to certain groups of students. This is called “Priority Access”
  - Some courses require instructor consent (i.e., BASc practicum and thesis courses)
  - You may not have the required prerequisites or co-requisites or required credits
  - The course/section is full

If you are a BASc major or a Family and Child Studies (FCS) minor (including transfer students), we will make every effort to accommodate your required courses in your unique schedule. You may need a course waiver. This is a paper process. The Course Waiver Request form may be obtained from WebAdvisor, http://www.uoguelph.ca/registrar/index.cfm?webadvisor/docforms or from the BASc Counselling Office, MINS 253. Also see our department website for the course waiver process: http://www.uoguelph.ca/family/undergraduate-course-waivers

What do I do if a course I need for my program is full when it is my turn to register?
Sometimes a course may look full on WebAdvisor, but there is still room for students who require it for their program of study. Keep your eye on WebAdvisor, as spaces may open up throughout the course selection period. If you are a BASc major or FCS minor (including transfer students), we will make every effort to accommodate your required courses in your unique schedule. You may need a course waiver.
How do I get a course waiver for a BASc course?
Each department may have a different process for allowing students into their courses. To get into a course from another department, we suggest you contact the course instructor or department directly. In some departments, the instructor of the course signs the course waivers. In the Department of Family Relations and Applied Nutrition for BASc and other students, most course waivers are signed by the Academic Administrative Assistant, franwork@uoguelph.ca, MINS 247. Further information is available at http://www.uoguelph.ca/family/course-waivers.

How do I get a letter of reference from a faculty member?
References are a CRITICAL component of any application to graduate or professional schools. The guidelines outlined below will help you through the process and there is a link on the department’s website at: http://www.uoguelph.ca/family/graduate/how-apply/letters-reference.

Choose faculty carefully
✓ First approach faculty who have taught you 3rd and 4th year level courses
✓ Ask whether the faculty member can provide you with a strong letter of reference
✓ Letters from assistant, associate or full professors are generally preferred at most Institutions

Request references early
✓ Ask whether the faculty member wishes paper or electronic documents
✓ Allow at least 3 weeks for faculty to produce letters

Information/materials to provide about yourself
✓ Remind the professor of the program you are in and the course(s) you have taken with them (include course code and semester)
✓ Brief summary (1/2 page) of your key strengths/areas that you think should be emphasized; especially note any outstanding accomplishments you may have had in the course(s) taught by this particular faculty member
✓ Unofficial transcript
✓ Draft of your statement of interest/plan of study/letter of intent

Information/materials to provide about the program(s) to which you are applying
✓ Name and location of the program
✓ Brief description of the program and/or link to the program website, if applicable
✓ Type of reference required (i.e., online, forms, letter, etc.)
✓ Forms and/or links to the reference forms (Make sure that any required information is on forms, if applicable)
✓ Deadline/due date for receipt of letter of reference
✓ Address for the letter of reference, and contact person, if applicable
✓ You may be asked to provide an addressed envelope in which the faculty member can send the letter of reference

Confirmation
✓ Ask the faculty member to confirm that your letter of reference has been sent
How can I get research experience?
There are multiple ways to get research experience as part of your undergraduate studies. For students considering graduate school this may be especially important. Generally, it is recommend you have successfully completed (recommended final grade of 75% or higher) or are currently taking RHD*3070 Research Methods and/or STAT*2090 Introductory Statistics II. For each option you'll need a faculty member to supervise your research work. It is recommended that you contact a faculty member well in advance of your interest in research (e.g. at least one semester in advance). Suggested ways to get research experience include:

- **Undergraduate thesis:** You’ll need a faculty member to supervise your research work while you take FRHD*4810, Thesis I and FRHD*4910, Thesis II. FRHD*4810 involves planning and writing the proposal, including critical analysis of the literature. FRHD*4910 involves conducting the research and analysis, writing the results in thesis format, and presenting the work in a suitable venue. Note: an undergraduate thesis is typically a two-semester 1.5 credit commitment.

- **Research Internship:** The purpose of FRHD*3500 is to give students a direct, initial experience in conducting research in Family Relations and Human Development. The internship focuses on familiarizing students with the research process and building research skills through active engagement in research under the direct guidance of a faculty member. The specific assignments will depend on the research project. Students who are involved in newer research studies may be involved in literature review, study design, and/or the ethics review process. Those who are involved in the latter stages of a research project may gain experience with data analysis and manuscript preparation. Note: the research internship is a one semester 0.5-credit commitment.

For both undergraduate thesis and research internship students need to find a faculty member who agrees to supervise them. To register in either course you will need to be signed in with instructor consent. It is recommended you approach a faculty member well in advance with a copy of your unofficial transcript, your resume, and a summary of your research interests.

- **Volunteering:** Rather than a formal course where you can gain research experience you can also approach faculty members and request a volunteer position supporting their research. Volunteer research opportunities can range in their intensity of time and duration of commitment.

- **Summer Undergraduate Research Assistant:** The Undergraduate Research Assistantship (URA) program is a competitive program that provides summer research opportunities to undergraduate students with demonstrated financial need. The application process starts in December, but the research positions begin in May and typically last for 16 weeks. Students gain research experience, work with faculty, and further their insight into their field of studies while earning a salary. Visit Student Financial Services for more information and the link is: [https://www.uoguelph.ca/registrar/studentfinance/ura/index](https://www.uoguelph.ca/registrar/studentfinance/ura/index)
What kind of jobs can I expect to see in the co-op program?
Bachelor of Applied Science students work both in the private and public sectors. Co-op work terms could potentially be at the University of Guelph Child Care and Learning Centre as well as agencies offering outdoor education, or early care and education, private camps and camps for children with special needs, working with special needs populations and research assistantships in a variety of settings such as government agencies.

What happens during the first year with co-op?
The University of Guelph believes co-op students need to have a strong academic background before they go out on their first work term. Concentrate on your academic work, take time to adapt to university life, make friends and get involved on campus. The only requirement is to maintain a cumulative 70% average throughout first year.

Can I apply for co-op in first year and what are co-op fees?
In course admission information is at the following link:
https://www.recruitguelph.ca/cecs/co-op/course-admission
Fee information is at this link:
https://www.recruitguelph.ca/cecs/co-op-students/co-op-process

What is COOP*1100?
COOP*1100 is a required, non-credit course for all students in the co-op program that is taken in addition to your regular course load. The course will help you to identify and market your strengths, enhance your resume and cover letter writing skills, increase your comfort and skill during interviews, and learn more about the co-op employment process. You will receive feedback from the instructor and peer helpers, and hear from employers and senior co-op students in your field. You will also get a "trial run" of what it is like to be "looking for your work term job" through the Virtual Employment Process (VEP).

May I take courses during the summer or during work terms so I can graduate sooner?
Some students do choose to do this option. If you are interested, talk to your Faculty Advisor and Program Counsellor about course availability and the impact this will have on your sequence. It is also important to consider the additional time required for a course when working full time and adapting to a new community.

Is Co-op right for me? With whom should I speak?
Students are advised to speak with the Co-op Program Faculty Advisor in the department, Dr. Tricia van Rhijn at tvanrhijn@uoguelph.ca or the Coop Coordinator, Shelley Gallina at sgallina@uoguelph.ca.

Looking for more information about co-operative education and how to get involved?
Visit the Co-operative Education and Career Services website at
https://www.recruitguelph.ca/cecs/
How do I withdraw from co-operative education and continue in the regular program?
Students are advised to contact the Coop Coordinator, Shelley Gallina at sgallina@uoguelph.ca and she will advise you regarding the form to complete and deadline dates. Please note if you choose to withdraw from co-operative education, you may not be eligible to re-apply.
Hey there CYFers!

Congratulations on your acceptance into the Child, Youth, and Family program! My name is Paige and I am the President of the Child, Youth, and Family Student Association (CYF-SA). On behalf of CYF-SA, welcome to the Child, Youth, and Family major!

The CYF-SA is an enthusiastic, student-run group that organizes a variety of events for all CYF students. All throughout the Fall and Winter semesters, we plan events that range from social events such as dinners and pub nights, to academic events, like a Q & A with faculty professors around course selection time. Throughout the year, CYF-SA works hard to provide a variety of volunteer opportunities through our volunteer newsletter, as well as fundraising for charitable causes related to our program.

There are so many events planned throughout Orientation Week! The “Child, Youth, and Family Picnic,” will take place on Monday September 2\textsuperscript{ND} @ 1PM, located on MacDonald Institute’s front lawn. There will be food and fun activities to meet other CYF students and your CYF student association. This is a great way to meet other students who will be taking the same classes as you, as well as talk about any questions or concerns you may have! There may also be some free CYF swag included.

Another amazing Orientation event that you should check out is the “Bachelor of Applied Science Button Making Event,” which will take place at Day Hall on Sunday, September 1\textsuperscript{ST} at Noon. Drop in at any time between 12PM and 2PM and make some buttons to show your Bachelor of Applied Science pride! This is a great chance to meet other BASc students and your student association.

Within the first couple weeks of classes, CYF-SA will be having a book swap event for all students. This is a great chance to buy some used textbooks from previous years, and save some money. Right after the book swap event, will be the CYF-SA elections. This year, we are looking for TWO first year representatives. If you would like to be apart of an amazing student association, then come on out to our elections! The date and time for the book swap and elections are not determined, so make sure to keep checking your gryphmail!

I am so excited that you chose to study at the University of Guelph. Not only is the University awesome, but also, so is the city! I’m sure that in no time you will feel like Guelph is your home, and eventually start to explore all the great places and opportunities Guelph has to offer. Create a bucket list because there’s so much to enjoy and experience!

I hope to see you all at our events this year!! Also, please feel free to contact with me at cyf@uoguelph.ca with any questions or concerns you may have.

Best of luck as you navigate through your first year experiences!

\textit{Myra}

Beyond Undergrad

Career Planning

Career Services
The many valuable services offered by Co-operative Education and Career Services can help you plan for your career. Even if you think you know what you want to do, these services can help you make the best choices to reach your goal. You can examine your potential, develop your skills for applying for jobs, and make contact with potential employers. Start now by discovering the opportunities at Career Services through the University of Guelph web site or by visiting their office. The location is on the campus map at http://www.uoguelph.ca/campus/map/koop/. The University of Guelph, Co-operative Education and Career Services website is: http://www.cecs.uoguelph.ca/. Also check the following CECS link: https://www.recruitguelph.ca/cecs/child-youth-family

Volunteering
You have unlimited opportunities for volunteering on campus and in the Guelph community while you are a student. Through volunteering, you can gain practical experience, while providing help for others. Volunteering can give you realistic experiences in the nutrition field, which helps you to apply classroom knowledge and makes classroom experience more meaningful. Volunteer opportunities in the community are announced on the CYF Listserv and through the Student Volunteer Connection, http://www.uoguelph.ca/~svc/. Check with faculty members to see if they have any volunteer jobs available. Remember, communications skills are very important. When you volunteer for community agencies you can increase your communication skills and gain an understanding about people’s eating behaviour, by seeing how others eat, live, and learn.

Graduate and Professional Studies
Students have successfully used the BASc degree to gain admission into graduate programs in social work, applied psychology, sociology, anthropology, physical and occupational therapy, speech and language, and social policy. If you plan to enter a graduate program after completing the Child, Youth and Family major of the BASc degree program you will need to select certain courses as part of your undergraduate program to meet graduate program admission requirements. Sometimes these requirements are quite particular which means that you must plan your course selections early and carefully.

Although graduate programs differ in their entrance requirements, most graduate programs require that you have taken (at least): one course in research methods; two undergraduate statistics courses; and have completed an undergraduate thesis. For many of the programs you will be required to take Graduate Record Exams (GREs) in the specific field of study.

You are strongly advised to contact the graduate programs that interest you early in your program to determine the specific entrance requirements of each program. It is also recommended that you keep your course outlines in case course content and evaluation is requested.
Careers and Further Education

The following is a list of potential career options and electives that may complement them. Be sure to check each program’s admission requirements early in your undergraduate degree. In most cases, the electives suggested below are not necessarily requirements (though in some cases they are), and this is certainly not an exhaustive list. Keep in mind that the electives listed below may also have prerequisites that you need to acquire before taking the class. Check course descriptions in the undergraduate calendar for details and for when the course is offered.

Often, programs will also require specified amounts of volunteer work, and verbal and/or written references from professors and supervisors. Start building up your volunteer experience and relationships with professors early in your undergraduate education. These experiences will be extremely useful to you when the time comes to prepare graduate school applications.

Child and Youth Services
It is highly recommended that students in CYF planning to work in child and youth services complete the following Youth stream courses:

<table>
<thead>
<tr>
<th>Term</th>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>W</td>
<td>FRHD*2300</td>
<td>Principles of Program Design for Youth</td>
<td>0.50</td>
</tr>
<tr>
<td>F</td>
<td>FRHD*2270</td>
<td>Development of Early and Middle Childhood</td>
<td>0.50</td>
</tr>
<tr>
<td>W</td>
<td>FRHD*2280</td>
<td>Adolescent Development</td>
<td>0.50</td>
</tr>
<tr>
<td>FW</td>
<td>FRHD*3250</td>
<td>Practicum in Youth</td>
<td>1.00</td>
</tr>
<tr>
<td>FW</td>
<td>FRHD*4170</td>
<td>Practicum in Child, Youth and Family</td>
<td>1.00</td>
</tr>
<tr>
<td>F</td>
<td>FRHD*4180</td>
<td>Assessment and Intervention</td>
<td>0.50</td>
</tr>
<tr>
<td>W</td>
<td>FRHD*4400</td>
<td>Youth, Risk and Resilience</td>
<td>0.50</td>
</tr>
</tbody>
</table>

Students in CYF who intend to pursue a career working with youth may wish to choose electives from the following:

<table>
<thead>
<tr>
<th>Term</th>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>

Early Childhood Education
In order to become a Registered Early Childhood Educator and work in the field, CYF graduates in the child stream must have successfully completed the courses listed below and apply for membership to the College of Early Childhood Educators (website: http://www.college-ece.ca/Pages/default.aspx). A letter verifying that CYF students have completed the courses and the BASc degree must accompany the application to the College. Further information regarding requesting this letter will be sent by email to 4th year students graduating from the program at the end of each semester.

Required Child stream courses include the following:

**W** FRHD*2040 Principles of Program Design for Children 0.50
**W** FRHD*2260 Infant Development 0.50
**F** FRHD*2270 Development of Early and Middle Childhood 0.50
**F** FRHD*3190DE Administration of Program for Children 0.50
* currently planned to be offered in W’17
**FW** FRHD*3200 Practicum – Child 1.00
**F** FRHD*4180 Assessment and Intervention 0.50
**W** FRHD*4020 Family Theory 0.50
**F** FRHD*4210 Senior Seminar in Early Education and Care 0.50
**FW** FRHD*4170 Practicum in Child, Youth and Family 1.00
(in a placement designated as Child)

NOTE: CYF Co-op students need a work term with children who are less than 12 years of age in place of FRHD*4170.

Students in CYF who intend to pursue a career working with children may wish to choose electives from the following:

**FW** ENGL*2740 Children’s Literature 0.50
**W** FRHD*3090 Poverty and Health (odd numbered years) 0.50
**U** FRHD*4810 Thesis I 0.50
**U** FRHD*4910 Thesis II 1.00
**F** NUTR*2050 Nutrition Through the Life Cycle 0.50
**W** PSYC*3720 Psychology of Learning Difficulties and Disabilities 0.50

**Note: PSYC*3720 will be deleted as of Fall 2017**

**U** PSYC*3850 Intellectual Disabilities 0.50
**U** SOAN*2290 Identities and Cultural Diversity 0.50
**U** THST*3030 Theatre for Young Audiences 0.50

Articulation Agreements
An articulation agreement between Guelph and Conestoga College graduates from the two-year Diploma Program in Early Childhood Education, who meet particular criteria, will be offered credits of advanced standing in the Child, Youth and Family major. Contact your Program Counsellor if this applies to you, or to check that advanced standing has been granted.
An articulation agreement between Guelph and Nipissing University (Faculty of Education) guarantees a number of places in the Primary, Junior Division of Nipissing’s B.Ed. Program for qualified Child, Youth and Family graduates. Placement is on a competitive basis. Further details are available in the University of Guelph undergraduate calendar at http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c04/c04-artagree.shtml or from the Faculty of Education at Nipissing University.

Teaching

Faculties of Education (Teacher Colleges) in Ontario vary in the requirements that are suggested for admission. Students who intend to pursue a career in teaching should become familiar with the requirements of the colleges that are of interest and select electives accordingly. The Program Counsellor or the Faculty Advisor may assist you in choosing electives.

For extensive information about teacher education programs in Ontario, visit: http://www.ouac.on.ca/teas/

For information about the Ontario College of Teachers, visit: http://www.oct.ca/home.aspx

Graduates interested in elementary school teaching need additional study at a Faculty of Education. For those who wish to teach primary (junior kindergarten to grade 3) or junior (grades 4 to 6), each faculty of education may have certain required courses for admission. Often recommended are courses in visual or performing arts, mathematics, languages, physical or natural sciences, Canadian history or Canadian geography. Review the Course Descriptions in the undergraduate calendar to find courses at http://www.uoguelph.ca/registrar/calendars/undergraduate/current/ for additional choices.

Students interested in intermediate (grades 7 to 10) level teaching need to acquire a teachable subject in a specific discipline. Normally, this requirement consists of six semester courses in an area of concentration. Students are strongly advised to contact the Faculties of Education that interest them early in their programs to determine the specific requirements.

The Ontario Institute for Studies in Education (OISE) at the University of Toronto offers various graduate programs in education. For further information go to the following link: http://www.oise.utoronto.ca/oise/Home/

Child Life

The only certificate program in Canada for working in Child Life is located at McMaster University. For information about admissions, visit: http://www.fhs.mcmaster.ca/childlife.

The following electives may be useful for you if you are considering a career in this field:

PHIL*2030 [0.50] Philosophy of Medicine
PSYC*3570 [0.50] Psychology of Death and Dying

Law

For extensive information about law schools in Ontario, visit: http://www.ouac.on.ca/olsas/

Some electives you may want to consider:
POLS*3120 [0.50] Law, Politics and the Judicial Process
PSYC*3020 [0.50] Psychology of Law
SOC*1500 [0.50] Crime and Criminal Justices
SOC*3490 [0.50] Law and Society
Medicine/Psychiatry
For extensive information about medical schools in Ontario, visit: http://www.ouac.on.ca/omsas/
You will require extensive science electives, and careful planning with your CYF degree. Check with individual schools, and speak with your Program Counsellor for assistance.

For admission requirements of Canadian Faculties of Medicine go to the Association of Faculties of Medicine of Canada website: https://www.afmc.ca/publications/admission-requirements-canadian-faculties-medicine-2015

Nursing
There are Nursing programs available in Ontario community colleges and the link is: http://www.ontariocolleges.ca/SearchResults/HEALTH-FOOD-MEDICAL-NURSING/_/N-lo8d

Accredited Canadian Nursing Education program and accelerated programs may be found at the following link: http://www.casn.ca/wp-content/uploads/2014/11/2015-16-Season_Winter_ENG-FR_Accredited-Canadian-Nursing-Education-Programs.pdf

For example, the McMaster University Accelerated Nursing program: http://nursing.mcmaster.ca/education_undergrad_bscnaccel.html

You may also want to go to Co-operative Education and Career Services for further information on Nursing Programs.

Graduate Education

Graduate programs (Masters and Ph.D.) vary in the requirements for admission. Students who intend to pursue a graduate degree after completing the BASc in Child, Youth, and Family should become familiar with the requirements of the various graduate programs that are of interest and select electives accordingly.

Consider exploring electives in other departments and beyond those listed below. You are able to take electives in many areas provided you have the prerequisites, there are not scheduling conflicts and it is not restricted to certain majors or degree programs. Please refer to WebAdvisor for further information.

The Department of Family Relations and Applied Nutrition offers six graduate degrees in four program areas: Applied Human Nutrition (MSc and PhD), Applied Nutrition (MAN), Couple and Family Therapy (MSc), and Family Relations and Human Development (MSc and PhD). Further information is at https://www.uoguelph.ca/family/graduate.

CYF majors may consider applying to: Couple and Family Therapy (MSc) and further information may be found at the following link: https://www.uoguelph.ca/family/graduate/couple-and-family-therapy-msc
Family Relations and Human Development (MSc) and further information may be found at the following link:
https://www.uoguelph.ca/family/graduate/family-relations-and-human-development-msc-phd

http://www.gradschools.com/ This website may be helpful in locating some graduate programs. Please note a number of Canadian graduate programs may not be listed.

Psychology
Many of your electives will need to be courses taken from the Department of Psychology if you want to enter a graduate program in Psychology. You will also need to do a 4th year thesis, FRHD*4810 and FRHD*4910. Most psychology programs require the GRE (Graduate Record Exam) for entrance into the program. For a listing of accredited programs recognized by the Canadian Psychological Association visit: http://www.cpa.ca/accreditation/cpaaaccreditedprograms/

Rehabilitation Sciences
For extensive information about Occupational Therapy, Physiotherapy and Speech/Language Pathology programs in Ontario, visit: http://www.ouac.on.ca/orpas/

Some of the suggested courses listed below may be designated as Priority Access. Please check with department offering the course for further information on the restriction.

Occupational Therapy
PSYC*2390 [0.50] Principles of Sensation and Perception
PSYC*2410 [0.50] Behavioural Basis of Neuroscience

Physiotherapy
BIOL*1080 [0.50] Biological Concepts of Health
PSYC*2390 [0.50] Principles of Sensation and Perception
PSYC*2410 [0.50] Behavioural Basis of Neuroscience

Speech/Language Pathology
LING*1000 [0.50] Introduction to Linguistics
HISP*3240 [0.50] Topics in Hispanic Linguistics
PSYC*2390 [0.50] Principles of Sensation and Perception
PSYC*2410 [0.50] Behavioural Basis of Neuroscience
PSYC*3340 [0.50] Psycholinguistics

Social Work
Graduate Social Work programs in Ontario must be applied to through the individual universities, and there is not currently one central resource for admission requirements.
FRHD*3090 [0.50] Poverty and Health
FRHD*4020 [0.50] Family Theory
FRHD*4120 [0.50] Assessment and Interventions
PSYC*2310 [0.50] Introduction to Social Psychology
SOC*3040 [0.50] Sociology of Social Welfare

The following website from Ontario Association of Social Workers, provides information on Social Work as a Career as well the Social Work Education Programs offered in Ontario, http://www.oasw.org/homepagelinks/social-work-as-a-career/social-work-programs.aspx
Special Needs
If you are considering working with individuals with special needs (physical, educational, intellectual),
the following electives will be useful to you:
PSYC*3720 [0.50] Psychology of Learning Difficulties and Disabilities
**Note: Course to be deleted by Fall 2017**
PSYC*3850 [0.50] Intellectual Disabilities

Potential Career Options

- Early childhood education
- Community-based services
- Mental health services
- Elementary and secondary school teaching*
- Child and youth work*
- Social work*
- Speech and language pathology*

*Careers require further education

Check labour market information at [http://www.workingincanada.gc.ca](http://www.workingincanada.gc.ca)

Also check What Can I Do With My Degree? on the Co-operative Education and Career Services
website and the link is: [https://www.recruitguelph.ca/cecs/child-youth-family](https://www.recruitguelph.ca/cecs/child-youth-family)

Revised August 14, 2016
