

HHNS welcomes two new faculty members to the department –

Dr. Kerry Ritchie (nee Mullen) joined the HHNS faculty as an Assistant Professor, in the Nutrition-Exercise-Metabolism area effective July 1, 2011. Kerry was the coordinator for the new first-year course, Biology 1080, last year. She received her PhD in HHNS in 2010, and has been teaching at Guelph-Humber in the BAsC Kinesiology program for the last 3 years. Kerry's office is located in ANNU 371A.

Dr. Genevieve Newton joined the HHNS faculty as an Assistant Professor, in the Nutrition-Exercise-Metabolism area effective July 1, 2011. Gen received her PhD in HHNS in 2007, and her Doctor of Chiropractic from the National University of Health Sciences, Chicago, in 2001. Prior to her new position in HHNS, she taught both undergraduate and graduate courses in HHNS, as well as at Guelph-Humber in the BAsC Kinesiology program. Genevieve's office is located in ANNU 371B.
