## **EXPERIENTIAL LEARNING: BUSINESS EXPERIENCE FOR REAL**

Hospitality is a truly global business with opportunities to gain experience and develop your skills virtually anywhere in the world. You'll start your *experience* in Guelph through managing PJ's, our student-run restaurant. You'll get first-hand experience of a commercial business: real people, real food, real world.

## **THE CO-OP OPTION: A YEAR IN INDUSTRY AT HOME OR ABROAD**

Co-op students spend a year in paid employment away from campus. This could be close to home, elsewhere in Canada, in the US, or even further abroad. You choose the venue and location that work best for you, but your choice will always involve expanding your managerial and leadership abilities, your professional networks – and your potential.

## **AN INTERNATIONAL DIMENSION: SPEND A SEMESTER OVERSEAS**

Our partnerships with hospitality programs in Europe, Asia, South America and Australia open a door for you to live and study overseas for one semester. Guelph's program has a strong international reputation and our graduates can be found in positions that span the globe.

**“Learning doesn't end when the lecture does. We focus on helping students understand the world of opportunities outside the class – to help them become future industry leaders.”**

*Prof. Justin Taillon*

Guelph graduates are known internationally for their intellect, creativity and leadership. That's why we're also internationally accredited by the **Institute of Hospitality**.

### ***Our sense of community***

We focus on the individual and seek to develop everyone to his or her full potential. Our Hospitality and Tourism Student Association is very active, and provides many opportunities for extracurricular activities and lasting friendships.

### ***Our campus***

The University of Guelph sits on a 330-hectare campus of tall trees and green lawns, with modern and traditional architecture, brick walkways, gravel paths, landscaped plazas, and a 165-hectare Arboretum. While close to city amenities, the campus offers accommodation and food to suit most interests and tastes.

“The co-op program opened doors to a global career in Kuala Lumpur, Abu Dhabi, Singapore, Shanghai, and now in Hong Kong with one of Asia's leading international hotel chains. Guelph didn't just shape my dream; it made it a reality.”
