Other MoBros and MoSistas from MoLecular and Cellular Biology (too shy for photo) are:

Kyle Davies, Neil Fryer, Dave Sychantha, Cory Larson, Michael Ianni, Terry Van Raay, Dan Krska, Chris Ambrose, Bertilla Moroni, Ehsan Fayaz, Janet Wood and Justin McGrath.

The 'Mo', slang for moustache, and November come together each year for **Movember**. This year, Captain Langley commandeered a team which raised a total of \$2,351 for Prostate Cancer Canada. The moustache symbolizes a "ribbon", to raise awareness and funds for prostate cancer and the committment is to grow a moustache for 30 days. Thank you "Whiskered Gentlemen (& women)" for being part of the biggest Movember campaign ever!
