

Latornell Graduate Travel Scholarship Program Nomination Form

Registered or incoming graduate students in any college with at least a first-class ('A-') average in the last two years whose **research interests relate to resource management and/or resource conservation** are eligible. One travel award is available for a student whose research interest relates to resource remediation/reclamation. Students beyond semester six at the master's level, semester nine at the doctoral level, and semester twelve in the case of transfer from master's to doctoral level are ineligible.

Please note the order in which the form must be completed. To ensure an equitable decision process, the Awards Committee will not consider anything other than the content on this form - please do not attach any pages.
