Aleksander Bajrak, Media Studies, 2nd Year

Hey Ladies and Gents! My name is Aleksander Bajrak, and I'm running for one of the five Senate positions representing the University of Guelph-Humber. I am a 2nd year Media Studies student specializing in journalism, and have a huge passion for politics and governance. Over the years I have received the Duke of Edinburgh and multiple leadership awards, and hold a list of volunteer experience a mile long. If you want someone with an unbreakable work ethic in helping ensure the quality of student life at UofG and beyond, then make sure to vote for Alex on February 6th!

Joshua McNamara, Media Studies

As students at the University of Guelph-Humber, it is crucial to be involved in politics that shape and progress the university beyond its 10-year anniversary. I want to enable, empower and inform the student body within the University for the common good of all involved. The commitment and enthusiasm I would provide to Senate and its committees would enable me to make a difference in University policies, standards, and hopefully would pose an important impact within the institution for years to come.

Elton Wong, Justice Studies, 3rd Year

Hello my name is Elton Wong; I am currently the Vice President of Academics at the University of Guelph-Humber. I am presently enrolled in my third year of Justice Studies specializing in law and security administration. So why should I be a Senator? Well, the senate position is complimentary with my previous experience in: community avocation, public presentations, and appeal hearings as the Vice President of Academics. I have participated in numerous committee groups; composed various legal documentations and as well initiated the Student Excellence Scholarship. Therefore, based on my previous experience I would make for an excellent Senate candidate.

Kaireen MacKinnon, Family and Community Social Services, 3rd Year

I actively participate in the school environment including advocating for program concerns, peer mentoring and volunteering with the Social Justice Committee. I would like to fill this role to represent the interest of Guelph-Humber students at a critical decision making level.

Sarah Jorstad, Media Studies

My personal mission is to further engage myself in the advancement of policies that will influence the development of the University of Guelph-Humber and the University of Guelph. I want to become a source of knowledge on behalf of my fellow students, to ultimately exercise this power for the common good of current and future students. This dedication shall enable me to be an advocate concerned with academic standards, educational policies and matters that will have a lasting effect on the University.
