

**Tentative outline of Final
(Math*1160)**

The exam is fully multiple choice (no written component) and cumulative. My intention (it could change) is to give 20 questions from the material in Chapters 1 – 3, and 20 questions from the material in Chapters 4 – 6.

Notes:

- Each question has 5 possible answers
- No notes or books are allowed
- Scientific (NOT graphing) calculators are allowed
- The test is 2 hours long
