

*Interested in the study of shape variation?
This symposium is for you!*

Geometric Morphometrics *in* Ecology and Evolution

- o Highlighting diverse applications of GM, including evo-devo, conservation, speciation, quantitative genetics, & sexual conflict
 - o Dr. Beren Robinson (Guelph)
 - o Dr. Tim Dickinson (Toronto)
 - o Dr. Amanda Roe (Alberta)
 - o Brian Langerhans (Harvard)
 - o Harald Parzar (Indiana)
 - o Dr. Miriam Zelditch (Michigan)
 - o Sebastien Paquette (Montreal)
 - o Jennifer Perry (Toronto)
 - o Jessica Ward (Toronto)
 - o Diane Sharpe (McGill)

Part of OEEC, April 28-30

- o More info: Jess Ward (jessw@zoo.utoronto.ca), Jen Perry (jperry@zoo.utoronto.ca)
