Acknowledging OMAFRA Funding: For Researchers

March 2020

Recipients of funding must acknowledge Ontario Ministry of Agriculture, Food and Rural Affairs (OMAFRA) support in all public communications products, including news releases, web copy, magazine stories, public-facing reports, interviews, journal articles, conference posters and oral presentations.

Acknowledgement of OMAFRA's support for your research-related activities lets Ontarians know where the government invests its resources and fosters an appreciation of the important role funding plays in making good research happen.

Whenever possible, please acknowledge, verbally, or in writing, your OMAFRA funding. This includes all communications related to research stations owned by the Agricultural Research Institute of Ontario (ARIO), an agency of the Government of Ontario accountable to the Minister of Agriculture, Food and Rural Affairs.

Please also make it clear that your project was supported by OMAFRA and is not a product of OMAFRA. Please advise the Ontario Agri-Food Innovation Alliance before, or as soon as possible after, completing a media interview related to work funded through the Alliance.
