JEN AITKEN makes sculptures that address architecture with a sense of absurdity, using systems of self-imposed limitations and adhering to strict principles of formal ambiguity and material clarity.

cjena@uoguelph.ca

LAURA ANDERSON invents provisional constructions to play with intervals, attachments, and phenomena of tightness.

lander08@uoguelph.ca

MARYANNE CASASANTA is a photo-based artist exploring the exchange between art and the commonplace as well as the interstitial space between the art object and its documented image.

maryanneasasanta.com

JENNIFER CARVALHO explores representational strategies and the breakdown of that information into paint and mark.

jenniferacarvalho.blogspot.com

ARYEN HOEKSTRA interrogates the material specificities of the moving image and their effect on the shaping of behavior, gesture, and thought.

aryenhoekstra.com

RACHEL CRUMMEY combines casual mark making and careful composition to set up painting problems, which are worked out directly on the surface. Her pictures bear the traces of thoughtful absorption, loss of control, exuberance tempered by doubt, and a few accidents.

rachelcrummeys.com

DENISE HIGGINSON depicts how people interact, shape, and are shaped by their surroundings. Using abstract elements to make up three-dimensional spaces, her paintings oscillate between flatness/abstraction and representation.

dhiggins@uoguelph.ca

JENINE MARSH makes sculpture that confronts surface as the site of communicability.

jeninemarsh.com

MATTHEW SCHUST is a painter whose work explores colour, space & perception.

mattschust.com

DUSTIN WILSON subverts his role as an artist by producing works that exist within metafictional story structures. To carry out rational processes based on irrational assumptions Wilson inhabits the self-reflexive character of the Futurologist.
