INTRODUCTORY PRINTMAKING II

INSTRUCTOR: Emma Nishimura  
TECHNICIAN: Allen Ash  
TIME: Tuesday & Thursday, 8:30 – 11:20am  
LOCATION: Zavitz Hall, Rm. 208  
EMAIL: tbd  
OFFICE HOURS: 11:30 – 12:30 Tuesday & Thursday, Zavitz Hall, Rm. 208

CALENDAR DESCRIPTION:
This course is an introduction to the techniques of the traditional printmaking media of lithography and silkscreen.

Prerequisite(s): (1 of ARTH*1220, ARTH*1510, ARTH*1520), SART*1050, SART*1060; (SART*1060 can be taken as co-requisites)

COURSE DESCRIPTION
This course is an introduction to the techniques of lithography and silkscreen. Using these media, students will continue to develop their relationship to contemporary art practices as well as the relationship between material and content in their own practices.

NOTE: This is a 0.5 credit course. Each week, students are expected to spend approximately 4 – 6 hours outside of class on related course work.

LEARNING OUTCOMES
Students who successfully complete this course will be able to:
• show the basic technical knowledge of the media and shop procedures to complete print work.
• manipulate elements and composition to develop imagery as it relates to the media.
• conceptualize and choose appropriate processes in response to visual challenges.
• begin to position their work contextually in relation to historical and contemporary visual theory and practice as it relates to printmaking
• follow health and safety procedures relevant to the equipment, materials and tools used in the studio environment.

COURSE CONTENT
With a series of four projects, two in lithography and two in silkscreen, students will develop sound technical skills in both media. They will also be expected to develop their critical and conceptual engagement with their own work and the work of their colleagues. Students will be encouraged to engage with issues pertinent to contemporary practice and relate these problems to their own concerns. Course content will be promoted through lectures, workshops, assigned readings, class discussions, essays and critiques of projects.
COURSE REQUIREMENTS
This course will consist of a series of hands on demonstrations centered on lithography and silkscreen processes. The time that these demonstrations take place will be variable, so students must make every effort to arrive on time & remain for the entire class. It is imperative that students observe and take notes during demonstrations. Handouts will be given to students to aid in step-by-step procedures but they are not a substitute for watching demonstrations. Students must attend every demonstration in order to be able to work with the equipment in the print studio. If a student fails to attend any demonstration for any reason, they must reschedule a demonstration with either the technician or instructor before they will be permitted to proceed. The rescheduled demonstration will be at the convenience of the technician or instructor. Failure to follow this procedure may impede a student’s ability to complete assignments and ultimately, the course.

Students are expected to develop technical and critical facility. Technical facility in this course means planning, executing, and disseminating a printed work, beginning to end. Critical facility means understanding the historical, social, and theoretical context of both the medium and your own projects.

In addition to the studio work, reading and writing are an integral part of the contemporary art making process. Students will read several texts addressing a range of issues relevant to the contemporary print artist. The instructor will give basic, fifteen to twenty-minute corresponding lectures. Additionally, students will write one short essay/artist statement regarding their final print project.

*Please note:* Students are expected to spend significant time outside of the scheduled class slot, working on class projects in the printmaking studio.

**Critiques:**
Work in progress will be discussed on an informal individual basis during class time. Finished projects will be presented for class critiques. Students are expected to present their work in a professional manner. **Incomplete work is not acceptable at the scheduled critiques.** Students must attend class critiques and discussions, and must actively participate in their own, and in their colleague’s critiques.
Grading Criteria for assignments
Students must complete all assignments. Assignment grading will reflect individual progress and specifically:

1. Comprehension: resolution to the assigned problem, understanding of the possibilities and parameters of the project and medium
2. Development of conceptual ideas: strength of concept, creativity, innovation, and experimentation
3. Technical execution: proper use of materials, equipment and techniques
4. Visual proficiency: formal qualities and overall aesthetics
5. Overall resolution and presentation of the work: professionalism, craftsmanship, and participation throughout demos, critiques and discussions

Work will be handed in regularly for marking; due dates will be stated in class and on the course outline for each assignment and are subject to change. Each assignment will be given a numerical grade and a verbal critique. Evaluations regarding individual student’s progress will take place on an ongoing basis. Projects that are submitted late or unfinished (without acceptable documentation) will reflect this in the grade evaluation.

*Please submit all work, trial proofs, and finished editions for project evaluations and grading. Students must print all of their own work.

SHOP SAFETY & RULES
Safety in the studio is a priority at all times. In order to ensure the safety of all, safety procedures/guidelines provided by the instructor and/or the technician must be followed. It is your responsibility to attend any safety orientation that is provided. It is imperative that students follow all health and safety procedures and always use the appropriate safety equipment. If you are unsure of the proper use or maintenance of equipment, or if you note any faults in the functioning of the equipment, check with the studio technician or an instructor. Always report unsafe studio use or unsafe studio equipment to an instructor, the technician or monitor.

Please have respect for the shared studio workspace. It is important that each student thoroughly clean up the work area they have used, and assist in keeping the studio a clean, safe and efficient workspace.

REMEMBER:
-NO SMOKING IN THE STUDIO AT ANY TIME
-NO EATING IN THE STUDIO AT ANY TIME
-Do not use any power tools, equipment, chemicals, etc. which you have not familiar.
-Do not pour solvents, acids, paint, grounds, etc. down the sink
-Use only odourless solvents. Store all solvents in closed containers, clearly labeled, in the fireproof cabinet provided.
-Familiarize yourself with safety information provided in Health Hazards Manual for artists.
OTHER RESOURCES
The Print Study Collection is available for students to familiarize themselves with traditional and
contemporary approaches to printmaking. This collection of old master and modern prints is a resource
that enables the student to gain a first hand appreciation of prints.

Students are also expected and encouraged to visit art galleries and see as many exhibitions as possible.
The University of Guelph has an extensive collection of periodicals, catalogues and texts, and students are
couraged to use this resource as well.

E-MAIL COMMUNICATION
As per university regulations, all students are required to check their <mail.uoguelph.ca> e-mail account
regularly: e-mail is the official route of communication between the University and its students.

WHEN YOU CANNOT MEET A COURSE REQUIREMENT
When you find yourself unable to meet an in-course requirement because of illness or compassionate
reasons, please advise the course instructor (or designated person, such as a teaching assistant) in writing,
with your name, id#, and e-mail contact. See the undergraduate calendar for information on regulations
and procedures for Academic Consideration.

DROP DATE
The last date to drop one-semester courses, without academic penalty, is Friday, 11 March 2016. For
regulations and procedures for Dropping Courses, see the Undergraduate Calendar.

COPIES OF OUT-OF-CLASS ASSIGNMENTS
Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to
resubmit work at any time.

ACCESSIBILITY
The University of Guelph is committed to creating a barrier-free environment. Providing services for
students is a shared responsibility among students, faculty and administrators. This relationship is based
on respect of individual rights, the dignity of the individual and the University community's shared
commitment to an open and supportive learning environment. Students requiring service or
accommodation, whether due to an identified, ongoing disability or a short-term disability should contact
Student Accessibility Services as soon as possible. For more information, contact SAS at 519-824-4120
ext. 56208 or email csd@uoguelph.ca or see the website.

STUDENT RIGHTS AND RESPONSIBILITIES
Each student at the University of Guelph has rights which carry commensurate responsibilities that
involve, broadly, being a civil and respectful member of the University community. The Rights and
Responsibilities are detailed in the Undergraduate Calendar

ACADEMIC MISCONDUCT
The University of Guelph is committed to upholding the highest standards of academic integrity and it is
the responsibility of all members of the University community – faculty, staff, and students – to be aware
of what constitutes academic misconduct and to do as much as possible to prevent academic offences
from occurring. University of Guelph students have the responsibility of abiding by the University's
policy on academic misconduct regardless of their location of study; faculty, staff and students have the
responsibility of supporting an environment that discourages misconduct. Students need to remain aware
that instructors have access to and the right to use electronic and other means of detection.
Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor. The Academic Misconduct Policy is detailed in the Undergraduate Calendar.

RECORDING OF MATERIALS
Presentations which are made in relation to course work—including lectures—cannot be recorded or copied without the permission of the presenter, whether the instructor, a classmate or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.
