6 Assessments

6.1 Assessment Details

Midterm Test (30%)
Date: Tue, Feb 11, In-Class
Mid-term Test

There will be a mid-term test (in class). The test will consist of "identify and explain the significance" questions and one short essay.

Term Paper (30%)
Due: Tue, Mar 10
Research Paper

Students will write a research paper. A list of topics will be provided to students. Students are to utilize secondary source texts and primary source reproductions where appropriate. The length of the assignment is 8 typewritten pages, exclusive of footnotes and bibliography. The paper is due in class.

In this course, your instructor will be using Turnitin, integrated with the CourseLink Dropbox
tool, to detect possible plagiarism, unauthorized collaboration or copying as part of the ongoing efforts to maintain academic integrity at the University of Guelph.

All submitted assignments will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. Use of the Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com site.

A major benefit of using Turnitin is that students will be able to educate and empower themselves in preventing academic misconduct. In this course, you may screen your own assignments through Turnitin as many times as you wish before the due date. You will be able to see and print reports that show you exactly where you have properly and improperly referenced the outside sources and materials in your assignment.

Final Examination (40%)

Time and location is subject to change. Please see WebAdvisor for the latest information.

7 Course Statements

7.1 Course Policies

Submitting and Getting Back the Assignment

There are two stages to submitting the assignment:

Step 1 DROPBOX SUBMISSION: The student must upload an electronic copy of his/her essay to Dropbox on the Courselink site by the beginning of lecture on the due date. Follow the instructions on Dropbox. The uploaded file will record the date and time of submission, and protect you against lost or missing papers. A student can only upload one version of his/her paper. Be sure you submit the final version.

Step 2 IN CLASS SUBMISSION: Student must submit a PAPER COPY at the beginning of class on the due date. The paper copy must not be altered in any way once the electronic copy is submitted. Submitting different versions is considered a form of academic misconduct and will be penalized accordingly.
Submitting Assignment Outside Class and Late Assignment

An assignment not handed in during class on the due date must also follow the two steps noted above for submission: STEP 1: electronically upload the assignment to the Dropbox. Step 2: submit a paper copy as soon as possible once electronically submitted. **Place the paper under my office door.** The History department and its instructors bear no responsibility whatsoever for lost late papers. **Under no circumstances should the wire baskets outside professors’ offices be used to deposit student papers.**

Late Penalty

Papers that are not submitted on the day they are due are deemed late and subject to late penalty. **A penalty of 2% per day** (including weekends) after the due date for the assignment will be imposed on a late paper up till the last day of classes in the term. Explanations for late papers scribbled on assignments will not be accepted as legitimate reason to exempt papers from late penalties. **Penalties for late papers will only be waived in the case of debilitating illness and clear medical documentation that provides specific explanation why the assignment was not completed before the due date. Non-severe illness that commences near or after the due date does not constitute legitimate grounds for the waiving of late penalties. The assignment has been given long prior to the due date** and late penalties will be levied except in the case of debilitating illness and problems. Plan ahead and get your work in on time. Penalties add up and can imperil a student’s standing in the course and in the University.

8.4 Copies of Out-of-class Assignments

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be
asked to resubmit work at any time.

8.5 Accessibility

The University promotes the full participation of students who experience disabilities in their
academic programs. To that end, the provision of academic accommodation is a shared
responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student
Accessibility Services (SAS). Documentation to substantiate the existence of a disability is
required; however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be
noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance
and not later than the 40th Class Day.

For Guelph students, information can be found on the SAS website

For Ridgetown students, information can be found on the Ridgetown SAS website

8.6 Academic Integrity
The University of Guelph is committed to upholding the highest standards of academic integrity, and it is the responsibility of all members of the University community-faculty, staff, and students-to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University’s policy on academic misconduct regardless of their location of study; faculty, staff, and students have the responsibility of supporting an environment that encourages academic integrity. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.
