ROOM: MCKN 314
FRIDAY, JANUARY 25
11:00-12:30

In *Sites of Exposure*, Russon draws from a broad range of art and literature to show how philosophy speaks to the most basic and important questions in our everyday lives. He grapples with personal experiences such as growing up and confronting death and with broader issues such as political oppression, economic exploitation, and the destruction of the natural environment to investigate how to make life meaningful.
