Version 1.00 - November 09, 2020

1 Course Details

1.1 Calendar Description

A continuation of MUSC*2550.

Pre-Requisites:	MUSC*2550
Equates:	MUSC*2520
Restrictions:	Instructor consent required.

1.2 Course Description

Course credit may be earned through participation in any one of the University of Guelph Choirs during Fall and Winter semesters. Through study and performance of selected choral music, students will develop an understanding of artistic creation through direct involvement in it. Rehearsals and performances build upon the students' accumulated knowledge of musical techniques and skills, while study of a given repertoire develops awareness of historical and stylistic trends in music and of the values associated with music-making throughout the world. **For Winter 2021, an outdoor and distanced public event has been planned; if such an event is deemed inappropriate, then "performances" will consist of Virtual Choir projects, improvising, and recorded performances. Vocal development enhances confidence and enables more meaningful self-expression. Synchronous rehearsals, specific assignments, and small-group discussions are designed to promote interconnectivity at a time when we tend to feel especially isolated. Creative projects develop singers' leadership potential and demonstrate their imagination. Self-reflection facilitates personal transformation and communal growth.**

7 Course Statements

7.1 MATERIAL TO BE COVERED AND METHOD OF PRESENTATION

(Delivery):

Repertoire for the Choir is chosen by the conductor - with consideration for the ability of the ensemble, overall balance, and variety – and sent to each chorister by email (legal scans) to print/read from tablets, or by mail, if necessary.

The ensemble holds weekly (Tuesday evenings) synchronous (real-time) webinars of 75 minutes, using Zoom/Webex, during which we discuss the repertoire and prepare singers for the musical and vocal challenges they may encounter in their guided rehearsal video (see below, #iii). Workshops with guest artists will also be featured.

Students receive bi-weekly video-recorded rehearsals to guide repertoire learning. Using this resource, each singer prepares and submits audio-recorded excerpts of the repertoire.

The professor responds with weekly feedback via email.

Students submit **Midterm and Final Exams**, using recorded accompaniments and a click-track provided by conductor, and applying professor's feedback from weekly recordings. These recordings are then used to compile a **Virtual Choir recording (replacing live performance)**.

7.2 Principles guiding the delivery of this course, as adapted to the pandemic situation in Fall 2020:

Principles guiding the delivery of this course, as adapted to the pandemic situation in Winter 2021:

*Process, rather than Performance, is now the emphasis. This is a rare opportunity, without the pressure of live performance, to focus on enhanced processes (creative and iterative), intensive skill development, novel approaches, and potential research possibilities.

*At the same time, Virtual ensemble "performance" products will enhance aural understanding, provide consummation, and act as promotional material.

8.5 Accessibility

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required; however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance and not later than the 40th Class Day.

For Guelph students, information can be found on the SAS website

8.6 Academic Integrity

The University of Guelph is committed to upholding the highest standards of academic integrity, and it is the responsibility of all members of the University community—faculty, staff, and students—to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff, and students have the responsibility of supporting an

environment that encourages academic integrity. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.
