Learning Outcomes

Course Learning Outcomes

[Enter the long description of the course]

By the end of this course, you should be able to:

1. Explain the canonical tradition of modern political philosophy in their own words
2. Be able to think critically about political philosophy through critical and logical discussion of current events
3. Apply the course’s insight to identify, critically examine and assess social and political issues.
4. Support their personal views on current Canadian social and political issues based on critical and analytic skills developed throughout the course.
5. In the context of Canadian social and political theory, develop a thesis, state an outline, argue for the thesis, and devise a conclusion by bringing together the insight of what you have learned.

Teaching and Learning Activities

Method of Learning
Core content for this course centers on the assigned textbook. Each chapter focuses on a specific chapter, which includes a short history and selected writings from a particular philosopher, as well as an illustrative Canadian-based case that illustrates or highlights how the ideas discussed earlier in the chapter might impact people’s day-to-day lives.

Course Structure

This course is divided into twelve units.

- Unit 01: Machiavelli
- Unit 02: Hobbes
- Unit 03: Locke
- Unit 04: Rousseau
- Unit 05: Kant
- Unit 06: Mill
- Unit 07: Marx
- Unit 08: Rawls
- Unit 09: Nozick
- Unit 10: Okin
- Unit 11: Habermas
- Unit 12: Foucault

What to Expect for Each Unit

Units are structured to walk you through a specific learning process.

Each unit opens with an Overview that provides you with a brief introduction to the philosopher and the conical text (or a selection of smaller experts) for the unit, followed by the unit’s learning outcomes. This information will help you begin to contextual your learning.

A unit will then introduce key concepts. These words or ideas represent some of the essential or important ideas within the conical text. It is highly recommended that you spend sufficient time in this section to familiarize yourself with ideas contained within.

Next, A unit will walk you through a process for analyzing the conical text (or texts). There are a number of approaches for breaking down complex writing. This unit suggests one way of approach a text based on asking a series of questions of the text and its author. Familiarize yourself with these questions before you begin reading the conical text so that you are able to ‘interrogate’ the text as you read it. This section also contains one or more illustrative examples to help you analyze the text under consideration. This support consists of a short expert (or experts) from the text, as well as instructor commentary on the selected section from the canonical work.

Lastly, a unit will provide you with a framework for analyzing each philosopher’s ideas within the context of a specific Canadian-based case. It is very important that you are familiar with the canonical text before you begin to look at the case study. Within this section you also will find one or more case-related questions. Before you click to see how an instructor might respond to how the case is relevant to the canonical text,
develop your own answer first. Completing this culminating activity will also serve as an effective review of the unit’s key concepts.

Assessment Descriptions

Quizzes
There are five online quizzes that test your comprehensive of the content covered in this course. Each quiz covers specific content from the course, including unit content and textbook readings.

Each quiz is designed to assess and measure the knowledge you gain from studying the content from specific units. Preparing for each quiz will help you to identify and explain the major concepts, theories, and ideologies covered in the course. Completing each quiz will let you know if you have achieved a course-level learning outcome. Completing all five quizzes will help you to achieve all of the course learning outcomes.

**Essay**

Your task for this essay is to choose two of these philosophers (Hobbes, Locke, or Rousseau) and compare their version of the idea of a social contract. What differences are there in the understanding of human nature in each philosopher? What differences are there in the understandings of the relationship between the people and the government? What differences are there in the understandings of the nature of rights? What differences are there with respect to their understandings of the nature of society?

You do not need to answer each of the above questions one-by-one as if this was a take-home exam. These questions are simply suggestions to help orient your thinking. Your paper should be comparative. You should seek to show that you have an understanding of each philosopher with respect to the topic you have chosen as your focus. You should seek to show that you have strong writing skills. Use the questions above to help focus your essay, and to help develop a thesis.

**Final Exam**

This course requires the use of Respondus LockDown Browser and Monitor (webcam) to proctor your online final exam within CourseLink. Use of Lockdown Browser with a webcam has been implemented to maintain the academic integrity of the final exam. You must download and install LockDown Browser and Monitor to complete the practice test and final exam.

Prepare for questions to be drawn from all units. They might ask for definitions, explanations or an argument. Pay attention to what is asked and write as much as the question requires.

The final exam will be delivered online via the **Quizzes** tool. The exam is 2 hours in length and will be held on Friday, December 18. To accommodate students who may be located in various time zones, the exam will be available beginning at 2:30pm to 3:30pm Eastern Time (ET). You can enter the exam at any point during this window of time but will only have 2 hours to complete it from when you start writing. For example, if you start writing the exam by 3:00 pm, you will have until 5:00 pm to complete it. After 3:30 pm ET you will no longer be able to enter the exam environment.

Similar to a sit-down exam where you must arrive prior to the start of the exam, it is highly recommended that you enter the online exam environment in Respondus at least
20-30 minutes before the end of the available window to allow enough time for you to complete the Respondus Startup Sequence and ensure that you have the full two hours for the exam.

Please be sure to review the Using Respondus Lockdown Browser instructions by selecting **Content** on the navbar to locate **Assessments** in the table of contents panel.

**Important Note**: There is a mandatory practice test that you are required to take before the online exam. The purpose of the practice test is to ensure that Respondus LockDown Browser is set up properly and that you are comfortable using the software.

If you have any questions regarding the use of Respondus Lockdown Browser or if you encounter any technical issues during the practice test or final exam, please contact CourseLink Support at [courselink@uoguelph.ca](mailto:courselink@uoguelph.ca) or 519-824-4120 ext. 56939.

University of Guelph degree and associate diploma students must check [WebAdvisor](https://webadvisor.uoguelph.ca) for their examination schedule. Open Learning program students must check the [Open Learning Program Final Examination Schedule](http://opened.uoguelph.ca/student-resources/Open-Learning-Program-Final-Exam-Schedule) for their examination schedule.

## Course Technology Requirements and Technical Support

### CourseLink System Requirements

You are responsible for ensuring that your computer system meets the necessary [system requirements](https://spaces.uoguelph.ca/ed/system-requirements/).

Use the [browser check](https://courselink.uoguelph.ca/d2l/systemCheck) tool to ensure your browser settings are compatible and up to date. (Results will be displayed in a new browser window).

### Respondus LockDown Browser and Monitor Requirements

Respondus LockDown Browser is a locked browser for taking quizzes in CourseLink. It prevents you from printing and copying; using other operating software; using search engines (e.g., going to another URL); communicating via instant messaging; and it blocks non-web-related software (e.g., Adobe PDF, Microsoft Word).

Respondus Monitor is a companion application for LockDown Browser that uses webcam and video technology to ensure academic integrity during online exams. The software captures video during the exam and allows the instructor to review the video once the exam is completed.
In order to use Respondus LockDown Browser and Monitor, you must meet the following technical requirements so that you can take the practice test and final exam:

1. Operating Systems: Windows 10, 8, 7; Mac OS X 10.10 or higher.
2. Memory: Windows 2 GB RAM; Mac 512 MB RAM.
3. For Mac users: Safari must function properly on the computer.
4. Mac users must have Adobe Flash Player installed to Safari, even if a different browser is normally used.
5. Functioning webcam and microphone. The webcam and microphone can be built into your computer or can be the type that plugs in with a USB cable. (You will be required to do an environment scan of your room, so please ensure you can move your computer, laptop or webcam for this scan.)
6. A broadband Internet connection. It is recommended that you access the Internet via a wired connection.

If you have any concerns about meeting system requirements, contact CourseLink Support. They will work with you to find alternative solutions or make alternative arrangements.

http://spaces.uoguelph.ca/ed/contact-us/

Technical Skills

As part of your online experience, you are expected to use a variety of technology as part of your learning:

- Manage files and folders on your computer (e.g., save, name, copy, backup, rename, delete, and check properties);
- Install software, security, and virus protection;
- Use office applications (e.g., Word, PowerPoint, Excel, or similar) to create documents;
- Be comfortable uploading and downloading saved files;
- Communicate using email (e.g., create, receive, reply, print, send, download, and open attachments);
- Navigate the CourseLink learning environment and use the essential tools, such as Dropbox, Quizzes, Discussions, and Grades (the instructions for this are given in your course);
- Access, navigate, and search the Internet using a web browser (e.g., Firefox, Chrome); and
- Perform online research using various search engines (e.g., Google) and library databases.

Technical Support

If you need any assistance with the software tools or the CourseLink website, contact CourseLink Support.

**Course Specific Standard Statements**

**Acceptable Use**

The University of Guelph has an [Acceptable Use Policy](https://www.uoguelph.ca/ccs/infosec/aup), which you are expected to adhere to.

**Communicating with Your Instructor**

During the course, your instructor will interact with you on various course matters on the course website using the following ways of communication:

- **Announcements:** The instructor will use Announcements on the Course Home page to provide you with course reminders and updates. Please check this section frequently for course updates from your instructor.
- **Ask Your Instructor Discussion:** Use this discussion forum to ask questions of your instructor about content or course-related issues with which you are unfamiliar. If you encounter difficulties, the instructor is here to help you. Please post general course-related questions to the discussion forum so that all students have an opportunity to review the response. To access this discussion forum, select **Discussions** from the **Tools** dropdown menu.
- **Email:** If you have a conflict that prevents you from completing course requirements, or have a question concerning a personal matter, you can send your instructor a private message by email. The instructor will respond to your email within 48 to 72 hours.
- **Skype:** If you have a complex question you would like to discuss with your instructor, you may book a Skype meeting. Skype meetings depend on the availability of you and the instructor, and are booked on a first come first served basis.

**Netiquette Expectations**
For distance education courses, the course website is considered the classroom and the same protections, expectations, guidelines, and regulations used in face-to-face settings apply, plus other policies and considerations that come into play specifically because these courses are online.

Inappropriate online behaviour will not be tolerated. Examples of inappropriate online behaviour include:

- Posting inflammatory messages about your instructor or fellow students;
- Using obscene or offensive language online;
- Copying or presenting someone else’s work as your own;
- Adapting information from the Internet without using proper citations or references;
- Buying or selling term papers or assignments;
- Posting or selling course materials to course notes websites;
- Having someone else complete your quiz or completing a quiz for/with another student;
- Stating false claims about lost quiz answers or other assignment submissions;
- Threatening or harassing a student or instructor online;
- Discriminating against fellow students, instructors, and/or TAs;
- Using the course website to promote profit-driven products or services;
- Attempting to compromise the security or functionality of the learning management system;
- Sharing your username and password; and
- Recording lectures without the permission of the instructor.

**Submission of Assignments to Dropbox**

All assignments for this course should be submitted electronically via the online Dropbox tool. When submitting your assignments using the Dropbox tool, do not leave the page until your assignment has successfully uploaded. To verify that your submission was complete, you can view the submission history immediately after the upload to see which files uploaded successfully. The system will also email you a receipt. Save this email receipt as proof of submission.

Be sure to keep a back-up copy of all of your assignments in the event that they are lost in transition. In order to avoid any last-minute computer problems, your instructor strongly recommend you save your assignments to a cloud-based file storage (e.g., Google Docs), or send to your email account, so that should something happen to your computer, the assignment could still be submitted on time or re-submitted.

It is your responsibility to submit your assignments on time as specified on the Schedule. Be sure to check the technical requirements and make sure you have the proper computer, that you have a supported browser, and that you have reliable Internet access. Remember that **technical difficulty is not an excuse not to turn in your assignment on time**. Don’t wait until the last minute as you may get behind in your work.
If, for some reason, you have a technical difficulty when submitting your assignment electronically, please contact your instructor or CourseLink Support.
http://spaces.uoguelph.ca/ed/contact-us/

**Late Policy**

If you choose to submit your individual assignments to the Dropbox tool late, the full allocated mark will be reduced by 5% per day after the deadline for the submission of the assignment to a limit of six days at which time access to the Dropbox folder will be closed.

**Obtaining Grades and Feedback**

Unofficial assessment marks will be available in the Grades tool of the course website.

Your instructor will have grades posted online within 2 weeks of the submission deadline, if the assignment was submitted on time. Once your assignments are marked you can view your grades on the course website by selecting Grades from the Tools dropdown menu on the navbar. Your course will remain open to you for seven days following the last day of the final exam period.

University of Guelph degree students can access their final grade by logging into WebAdvisor (using your U of G central ID). Open Learning program students should log in to the OpenEd Student Portal to view their final grade (using the same username and password you have been using for your courses).

https://webadvisor.uoguelph.ca
https://courses.opened.uoguelph.ca/portal/logon.do?method=load

**Rights and Responsibilities When Learning Online**

For distance education (DE) courses, the course website is considered the classroom and the same protections, expectations, guidelines, and regulations used in face-to-face settings apply, plus other policies and considerations that come into play specifically because these courses are online.

For more information on your rights and responsibilities when learning in the online environment, visit Rights and Responsibilities.

http://opened.uoguelph.ca/student-resources/rights-and-responsibilities

**Storage and Retention of Exam Videos**

Only authorized University of Guelph faculty or staff will have access to the video of your exam. Videos will be retained for a period of one year following the completion of the course.

**Turnitin Originality Check**
In this course, your instructor will be using Turnitin, integrated with the CourseLink Dropbox tool, to detect possible plagiarism, unauthorized collaboration or copying as part of the ongoing efforts to maintain academic integrity at the University of Guelph.

All individual assignments submitted to the Dropbox tool will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. Use of the Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com site.

A major benefit of using Turnitin is that you will be able to educate and empower yourself in preventing academic misconduct. In this course, you may screen your own assignments through Turnitin as many times as you wish before the due date. You will be able to see and print reports that show you exactly where you have properly and improperly referenced the outside sources and materials in your assignment.

University Standard Statements

University of Guelph: Undergraduate Policies

As a student of the University of Guelph, it is important for you to understand your rights and responsibilities and the academic rules and regulations that you must abide by.

If you are a registered University of Guelph Degree Student, consult the Undergraduate Calendar for the rules, regulations, curricula, programs and fees for current and previous academic years.

If you are an Open Learning Program Student, consult the Open Learning Program Calendar for information about University of Guelph administrative policies, procedures and services.

Email Communication

As per university regulations, all students are required to check their uoguelph.ca e-mail account regularly: e-mail is the official route of communication between the University and its students.

When You Cannot Meet Course Requirements

When you find yourself unable to meet an in-course requirement due to illness or compassionate reasons, please advise your course instructor in writing, with your name, ID number and email contact.

University of Guelph Degree Students

Consult the Undergraduate Calendar for information on regulations and procedures for Academic Consideration.
Open Learning Program Students

Please refer to the Open Learning Program Calendar for information on regulations and procedures for requesting Academic Consideration.
http://opened.uoguelph.ca/student-resources/open-learning-program-calendar

Drop Date

University of Guelph Degree Students

Students will have until the last day of classes to drop courses without academic penalty. Review the Undergraduate Calendar for regulations and procedures for Dropping Courses.

Copies of Assignments

Keep paper and/or other reliable back-up copies of all assignments: you may be asked to resubmit work at any time.

Accessibility

The University of Guelph is committed to creating a barrier-free environment. Providing services for students is a shared responsibility among students, faculty and administrators. This relationship is based on respect of individual rights, the dignity of the individual and the University community’s shared commitment to an open and supportive learning environment.

University of Guelph Degree Students

Students requiring service or accommodation, whether due to an identified, ongoing disability or a short-term disability should contact Accessibility Services as soon as possible.

For more information, contact Accessibility Services at 519-824-4120 ext. 56208, email Accessibility Services or visit the Accessibility Services website.
accessibility@uoguelph.ca
https://wellness.uoguelph.ca/accessibility/

Open Learning Program Students
If you are an Open Learning program student who requires academic accommodation, please contact the Academic Assistant to the Executive Director. Please ensure that you contact us before the end of the first week of your course (every semester) in order to avoid any delays in support. Documentation from a health professional is required for all academic accommodations. Please note that all information provided will be held in confidence.

If you require textbooks produced in an alternate format (e.g., DAISY, Braille, large print or eText), please contact the Academic Assistant to the Executive Director at least two months prior to the course start date. If contact is not made within the suggested timeframe, support may be delayed. It is recommended that you refer to the course outline before beginning your course in order to determine the required readings.

The provision of academic accommodation is a shared responsibility between OpenEd and the student requesting accommodation. It is recognized that academic accommodations are intended to “level the playing field” for students with disabilities.

Academic Misconduct

The University of Guelph is committed to upholding the highest standards of academic integrity and it is the responsibility of all members of the University community – faculty, staff, and students – to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

The Academic Misconduct Policy is detailed in the Undergraduate Calendar.

**Plagiarism Detection Software**

Students should be aware that faculty have the right to use software to aid in the detection of plagiarism or copying and to examine students orally on submitted work. For students found guilty of academic misconduct, serious penalties, up to and including suspension or expulsion from the University can be imposed.

**Recording of Materials**

Presentations which are made in relation to course work—including lectures—cannot be recorded or copied without the permission of the presenter, whether the instructor, a classmate or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.

**Disclaimer**

Please note that the ongoing COVID-19 pandemic may necessitate a revision of the format of course offerings and academic schedules. Any such changes will be announced via CourseLink and/or class email. All University-wide decisions will be posted on the COVID-19 website and circulated by email.

**Illness**

The University will not require verification of illness (doctor's notes) for the Fall 2020 or Winter 2021 semesters.
