Slide lectures will assist the student to gain an appreciation of contemporary art contexts for each project. Group and individual critiques, as well as discussion and debate, will help the student to develop their critical language, and their ability to evaluate their own work in progress. Students will develop the capacity to work independently over a sustained period of time on assigned studio projects, both in class and outside of class.

6.2 Please note the following important guidelines:

*DEADLINES WILL BE CONFIRMED ON COURSE SCHEDULE IN FIRST CLASS.

Students are expected to actively engage with both the concepts and processes introduced in the lecture and studio and to apply this knowledge to the production of studio projects. Preliminary exercises will also be held to a high standard. The main criterion for the evaluation of class exercises and studio projects will be the application of principles discussed in class. Other criteria include: sensitivity to materials, openness to new ideas, the personal challenge undertaken and the student's commitment to the projects. Participation is critical to success in this class. Participation means not only listening to and answering the instructor's questions, but also sharing in class discussions, including class critiques.

IMPORTANT NOTE: Attendance at the lecture and the tutorials is mandatory. Two or more unexcused absences will result in a 0 grade in participation. And students who miss valuable lectures, instructions and exercises will likely receive low grades on their portfolio work – and risk failing assignments and the course. Come to class, participate fully, and communicate with your instructors to do well!

8.5 Accessibility

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required; however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance and not later than the 40th Class Day.

For Guelph students, information can be found on the SAS website

For Ridgetown students, information can be found on the Ridgetown SAS website

8.6 Academic Integrity

The University of Guelph is committed to upholding the highest standards of academic integrity, and it is the responsibility of all members of the University community—faculty, staff, and students—to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff, and students have the responsibility of supporting an environment that encourages academic integrity. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.
