

Our Partners

The BRDC is funded in part through contributions from university administration as well as from colleges and departments across campus. We appreciate their continued support in making this centre possible.

Funding is also provided at the network level through grants provided by the Social Sciences and Humanities Research Council (SSHRC), the Canadian Institutes of Health Research (CIHR) as well as through funding from the Canadian Foundation for Innovation (CFI) and Statistics Canada. Other federal and provincial partners provide support on an ad hoc basis.

We would like to acknowledge our UG partners.
