Where do I find a list of courses that I am supposed to take?

Please do not use Google to find your required courses, it will take you to the wrong calendar!

The list of courses you must take is called your Schedule of Studies and it is based upon your Calendar Year. It is therefore important to confirm your Calendar Year so that you follow the correct Schedule of Studies. If you follow the incorrect Calendar, you could be taking the wrong courses and delaying your graduation.

Follow the steps below to find your calendar year. You will be using the Academic Evaluation* tool to find this information.

1. Login to WebAdvisor and select the 'Program/Academic Evaluation' menu item.
2. Run your evaluation. On the top left of your Evaluation you will see 'Calendar'. The year listed indicates your Calendar Year, e.g., 2016 means that you will follow the 2016-2017 Academic Calendar.
3. Once you know your Calendar Year, select it from the following list (this link will take you to the Undergraduate Calendar):
   a. 2018
   b. 2017
### Bachelor of Commerce (B.Comm.)

The University of Guelph offers an eight semester (20.00 credits) honours program leading to a Bachelor of Commerce degree (B.Comm.). The normal course load is 2.50 credits per semester for a full-time student. The program is of an interdisciplinary nature and designed to give students a sound professional management education with a focus on specific industry sectors or management functions which prepare the graduates for positions of responsibility in particular areas of management and business.

Elective options enable students to select courses which support or complement their primary field of study.

In their first semester, students may be admitted to one of eight specialized majors or enter as "undeclared". Students in the undeclared first year, must declare a specialized major by mid-February in semester two in order to gain access to required courses in semester three.

#### Bachelor of Commerce Majors

Most majors in the Bachelor of Commerce program are also available in the Co-operative Education (Co-op) option.

**Undeclared (only available in semesters one and two)**

- Accounting
- Food and Agricultural Business
- Hospitality and Tourism Management
- Leadership and Organizational Management
- Management Economics and Finance
- Marketing Management
- Public Management
- Real Estate and Housing

In addition to specializing in a major area of study, the B.Comm. core ensures that each major also provides a comprehensive commerce education to all students in the program.

#### The B.Comm. Core includes:

- **Year 1**
  - ACCT*1220 [0.50] Introductory Financial Accounting
  - ECON*1050 [0.50] Introductory Microeconomics
  - ECON*1100 [0.50] Introductory Macroeconomics
  - MATH*1030 [0.50] Business Mathematics
  - MCS*1000 [0.50] Introductory Marketing
  - MGMT*1000 [1.00] Introduction to Business

Bachelor of Commerce (B.Comm.)

Marketing Management (MKMN)

Department of Marketing and Consumer Studies, College of Business and Economics

The Marketing Management major is interdisciplinary, follows a liberal education philosophy, and is built on the Department's expertise in the field of marketing and consumer research.

The Department of Marketing and Consumer Studies prepares students for a career in marketing but also for educating them so that they can be active and engaged citizens. This is achieved from a balanced curriculum of marketing and liberal education courses that provide students with an understanding of the world they will work and live in. Students will gain knowledge in creating, communicating, and delivering product offerings to create value to stakeholders in a global and connected economy. Students completing this major will be prepared to pursue a variety of marketing career paths and diverse leadership roles.

Elective options enable students to select courses which support or complement their primary field of study. Examples: (1) students can use a combination of restricted, Liberal Education, and free electives to earn the Certificate in Leadership. See http://www.leadershipcertificate.com/ for information about this certificate and its course requirements. (2) students interested in languages and/or going on exchange can use their Liberal Education and free electives to study one or more of the various languages taught at the University. Note: students also can take courses of interest as electives without concern for categories.

Degree Requirements (20.00 Total Credits)

- 13.00 - Required Core Courses
- 2.50 - Restricted Electives (from lists)
- 0.00 - MGMT*1100 (Business Career Preparation)
- 1.50 - Liberal Education Electives
- 3.00 - Free Electives

XII. Course Descriptions

General Information

Course Labelling and Levels

Each course is identified by a two-part code. The first part of the code refers to the subject area, the second to the level of the course. Thus, the course PSYC3570 is a course in the subject area of Psychology (PSYC•XXX), and is of a level that places it among courses in the 3000 series. The series 1000, 2000, 3000 and 4000 numbers are intended to indicate progressively more demanding content, and correspondingly increasing competence on the part of the students enrolled in the course. Courses in the 1000 series are mainly for first year students, those in the 2000 series are mainly for second year students, and those in the 3000 series are for third year students. Similarly, courses in the 4000 series are mainly intended to be taken by students in the fourth year of honours programs. It is important that students planning their courses have clearly in mind the significance of these numbers so that they may guard against undertaking course work at levels for which they are insufficiently prepared. A two-semester course (e.g. AGR2351/2) is taken over 2 continuous semesters and counts as 1 course attempt per semester for classification, continuation of study and calculation of fees. Two-semester courses cannot be split.

Course Information

The letters S, F, W indicate the University’s intention to offer the course in the Summer (S), Fall (F) or Winter (W) semester during the academic year covered by this Calendar. Although courses normally will be offered in the semester indicated, students preparing their course programs are advised to consult the Undergraduate Course Timetable. The University cannot guarantee that all courses will be offered in the exact semester indicated.

The letter U indicates that an intended offering has not been assigned to the course. Students should consult the Undergraduate Course Timetable posted on WebAdvisor or contact the departments offering those courses to determine the semester offerings.

The figures in parentheses ( ) following the semester designation are a general guide to the lecture and laboratory contact hours per week; the first digit being the number of lecture hours and the second, the number of laboratory hours. The credit weight for each course appears in brackets [ ]. A credit weight of [3.50] indicates 10-12 student effort hours, including class time, on academic tasks associated with the course.

Detailed course descriptions are maintained at the office of the department offering the course. Some courses, designated "Experiential Learning" courses in the Calendar description, are deliberately designed to accommodate the need to grant academic credit for experiential learning external to regular courses, in such contexts as co-operative education, field observation/job shadowing, internship/externships, practical, service learning, or work study (and other approved experience). Prior approval for admission to these courses must be obtained from the department and instructor concerned.

Helpful Hints to Academic Success

High School to University: The Differences

- Deadline dates are enforced-- there are no “do-overs” or extra assignments
- More time spent on independent study; reading, completing assignments--less ‘classroom’ time. The 1 to 3 rule (more for double-weight courses)
- Unsuccessful courses can be repeated, however both grades will count. Successfully completed courses cannot be repeated
Helpful Hints cont’d…

- 40th class day—ability to test drive a course; 41st class day and beyond, you are committed
- The University will only communicate with you.
- Do your readings, review your notes & start early!
- Attend classes
- Take advantage of resources (e.g. the Library)
Helpful Hints cont’d…

• Eat a healthy diet
• Get involved in extra-curricular activities (clubs, athletics, recreation, etc.)
• Get to know your Professors
• Always maintain the balance, School + Extra-curricular/Work/Family/Health
• Proactive vs Reactive
What’s Next?

• Meetings for Majors - Tomorrow
  Refer to Blue handout and O-Week Guide
• Classes start Thursday!
Good Luck!

Best wishes for a great first year!
