

## Fee Schedule — Daily Parent Fees

The University of Guelph Child Care and Learning Centre is enrolled in the [Canada-Wide Early Learning and Child Care \(CWELCC\) agreement](#). To meet these requirements, the following current fees have been updated to reflect the decrease.

To calculate your monthly fee, multiply the daily rate by the number of days of care your child attends in the month (including statutory holidays where applicable). For example, an average monthly full-time fee would be:

All Programs: 22 days x \$22.00 per day = \$484.00

Full payment is required regardless of days missed due to illness, vacation, all statutory holidays, University holidays, and CCLC PD days. This includes the University of Guelph Winter Holiday Break (typically two weeks, as determined by the University of Guelph, UGDSB, and WCDSB calendars) as well as other closures of the University (e.g., weather-related, campus-wide days), and one CCLC staff professional development day per year (dates are communicated to families as early as possible). This applies to all children whether attending full-time or part-time.
