Welcome

On behalf of all of us at the University of Guelph, it is my pleasure to extend my heartfelt congratulations to you, the Class of 2021. While we are not able to gather in person today, the entire U of G community is incredibly proud of you for reaching this outstanding milestone.

Throughout your time at U of G — and especially over the course of the past year and a half — you have each taken on unprecedented challenges with determination, creativity and grace. These same qualities will stand you in good stead as you begin the next chapter of your lives.

You are graduating from a world-class comprehensive and research-intensive university that is dedicated to improving life here at home and abroad. With this ceremony, you now join a family of more than 185,000 graduates who are embracing the Gryphon spirit to make a meaningful difference in our world.

However you choose to make a difference, and wherever your journey takes you next, I encourage you to stay connected with the University. We look forward to hearing about your accomplishments, adventures and discoveries.

Congratulations once again, and I wish you the very best for continued success in the months and years ahead.

A handwritten signature in cursive script that reads "Charlotte Yates".

Dr. Charlotte A. B. Yates
President and Vice-Chancellor

Congratulations and welcome to our University of Guelph alumni family! Graduation is a significant milestone in your life that you'll never forget — one that took a lot of hard work, dedication, sacrifice and late nights.

Despite the obstacles that this year has thrown our way, one thing is clear: you achieved your goal! While we wish we could be with you in-person to share in your convocation, your new alumni family (more than 185,000 strong) celebrates your success with you!

In honour of your accomplishments, the University of Guelph Alumni Association (UGAA) gave a graduation tassel to all Class of 2021 graduates to commemorate this momentous occasion. We look forward to the day when you can attend your first alumni event with us in person. Whether it is Alumni Weekend, a reunion or a college event, we can't wait to meet you. You are now a lifelong member of the UGAA and that means you have access to perks and privileges. Visit alumni.uoguelph.ca for more information.

As you set out on your next journey, we encourage you to stay connected with the University and fellow alumni so you will have a piece of U of G wherever you go. Your class will forever be known for its resilience and perseverance — qualities that will continue to serve you well. It is with great pride that I welcome you officially as a University of Guelph graduate, to our alumni community.

On behalf of the UGAA, I wish you all the best in your personal and professional endeavours — congratulations once again!

Christina Crowley-Arkie

President, University of Guelph Alumni Association

Graduates, congratulations! Completing your program is a tremendous achievement.

You have persevered through extraordinary challenges to reach this day. The dedication and resilience you have demonstrated as you worked to reach this milestone is inspirational. I know that your experiences at U of G, especially over the last year, have prepared you well to seize opportunities and tackle the challenges in front of you.

As I reflect on my own time at U of G, I am struck by how my experiences in university continue to shape my approach to life. Like many of you, when I started university, I didn't have a clear idea of what I wanted to do after I graduated. My time at the University of Guelph helped me find a fulfilling career path, but more importantly, it instilled in me a love of lifelong learning that continues to inspire me to take on new challenges and explore new opportunities.

So even though you are marking the culmination of one academic journey, I hope that you will continue to ask big questions, engage with new ideas and test your intellectual limits. Now more than ever, the world needs people who can think broadly and engage with problems in innovative and collaborative ways.

On behalf of my colleagues on the Board of Governors, it is my honour to congratulate you and wish you every success in the future!

Shauneen Bruder

Chair, Board of Governors

About the University of Guelph

The University of Guelph is a top Canadian comprehensive university, known for being research-intensive and focused on developing exceptional thinkers and engaged citizens.

We achieve excellence across our many colleges in a wide range of disciplines, dedicating our efforts to improving life in our world.

Our living and learning environments foster interdisciplinary exploration of new ideas that will meet the challenges of a complex and interconnected world.

Mace

The mace, presented to the University by the citizens of Guelph, is carried at the head of academic processions. It is topped by the silver crown of Queen Victoria, holds the insignia of Queen Elizabeth II and the founding colleges, and bears four plaques of the coat of arms of Canada, Ontario, the City of Guelph and the University. Sixteen symbols on the shank represent various college activities.

Crest

The three components of U of G's crest — the crest, shield and motto — reflect our deep ties with the community in which we reside and our historical connection to the University of Toronto. The white stallion links the University to the House of Hanover, where the name "Guelph" has its origins. The shield combines a book, astrolabe and cornucopia, all symbols of things vitally important to the University's identity.

Honorary Degrees

In conferring honorary degrees, the University seeks to honour individuals whose accomplishments demonstrate a standard of excellence that U of G hopes will inspire its graduates. The committee considers candidates from a broad range of categories, including the arts and sciences, business, public service, professions, and the voluntary sector, including long-standing or exceptional service to the University. The committee, from time to time, may recommend those whose outstanding contributions to their fields or to society have not yet been widely recognized.

SHEILA MCGUIRK – A pioneer in calf health and disease prevention, Dr. Sheila McGuirk is internationally renowned as a clinician, teacher and researcher and as a role model for women in the veterinary profession.

Dr. McGuirk taught in the large animal medicine group at the University of Wisconsin College of Veterinary Medicine from its inception in 1983 until her retirement in 2016. She has received numerous awards for teaching and research and for service to the veterinary profession and dairy industry, including being the only woman named as the World Dairy Expo's Industry Person of the Year and receiving the American Association of Bovine Practitioners Award of Excellence.

Among the first academic clinicians to focus on neonatal calf health management as a primary interest, she is also a highly skilled equine clinician and cardiology expert. Throughout her studies, she has ensured that her research results have been translated into clinical practice through new diagnostic approaches and treatment strategies for animal and herd health.

Dr. McGuirk studied at Cornell University and the University of Georgia. Early indications of Dr. McGuirk's commitment to education and to the veterinary profession and dairy industry surfaced during her large animal internship at the University of Guelph, where she received a teaching award for her impact on veterinary students in the Class of 1978.

JANICE O'BORN – Janice O'Born has provided remarkable leadership that improves the lives of Canadians through her philanthropy, service and commitment to sustainable food systems and rural communities as well as health care and the arts.

Ms. O'Born is founding chair of The Printing House Charitable Office, the philanthropic arm of TPH Ltd., which has raised more than \$63 million to support important community-based initiatives ranging from the SickKids Foundation and Sunnybrook Hospital Foundation to the Banff Centre.

Her transformational gifts have included more than \$3 million to support children's health and, along with her husband, Earle O'Born, a \$10-million contribution to the National Arts Centre Foundation, where she has served as chair of the board of directors. She is currently an active board member to Mount Sinai hospital.

In Rosemont, Ontario, she led development of a food and culinary destination organization to attract economic activity and people and to foster a sense of community.

A long-time supporter of U of G, Ms. O'Born has created scholarships in food animal health and welfare and sustainable food systems, has volunteered with the OVC Pet Trust, and has helped lead fundraising for key initiatives in the Ontario Veterinary College and the Gordon S. Lang School of Business and Economics.

For volunteer work and community philanthropy, Ms. O'Born has received the Order of Ontario as well as the Queen's Diamond and Golden Jubilee Medals for Volunteerism.

RICHARD POUND – Throughout his nearly 60-year career, including leadership of the World Anti-Doping Agency (WADA) and the Olympic movement, Richard Pound has engaged in global, impactful, principled action as a lawyer, leader, volunteer and advocate for ethics in sport.

Known for supporting fair play, safe sport and honest business, Mr. Pound made significant, lasting contributions to the world of sport. As WADA's founding chair, he engaged with athletes and sport personalities over doping in sport.

Mr. Pound served as vice-president of the International Olympic Committee and president of the Canadian Olympic Committee. By negotiating media and sponsorship, he revolutionized the Olympic movement, helping increase IOC revenues from media and sponsorship to be shared with National Olympic Committees and their athletes and coaches worldwide. As a top swimmer, Mr. Pound competed in the Olympic and Commonwealth Games and was inducted into the Canadian Sports Hall of Fame.

His career reflects the University of Guelph mandate to improve life and the goal of U of G's Gordon S. Lang School of Business and Economics to develop business leaders with conscience. Mr. Pound received the 2010 Lincoln Alexander Outstanding Leader Award from the University of Guelph, and he chairs the executive advisory board of the Lang School's International Institute for Sport Business and Leadership.

Among numerous honours, he was made a Companion of the Order of Canada and an officer of the National Order of Quebec.

SUZANNE STEWART – One of the most recognized names in Indigenous psychology in Canada, Dr. Suzanne Stewart of Yellowknife Dene First Nation has helped numerous Indigenous clients, students and cultural allies through her academic and clinical work and through her activism and advocacy for Indigenous rights.

She is one of the few Indigenous practising or academic psychologists in Canada, where she has been engaged in community-based research as the Canada Research Chair in Aboriginal Homelessness and Life Transition.

Now director of the Waakebiness-Bryce Institute for Indigenous Health at the Dalla Lana School of Public Health at the University of Toronto, Dr. Stewart served as special adviser on Aboriginal education to the dean at the Ontario Institute for Studies in Education at U of T and as director of the Indigenous Education Network. She helped to establish the master of public health program in Indigenous health at the Dalla Lana School, the first of its kind in Canada.

Among her leadership roles, she has chaired the Indigenous Peoples' Psychology section of the Canadian Psychological Association and created the annual Indigenizing Psychology Symposium offered along with U of T and the University of Guelph-Humber.

A powerful role model for all students in Indigenous health research, she has provided invaluable opportunities for Indigenous students to study in the field.

Convocation and Graduation Medals

W.C. Winegard Medal

The Winegard Medal is the University of Guelph's top convocation award to an undergraduate student. Named for former University of Guelph president Dr. William Winegard, the medal is awarded in recognition of both academic achievement and contributions to university and community life.

Recipient

Nominees

Julianah Oguntala

Lindsay North
Keefer Rourke
Lauren Chang
Emily Blydorp
Hannah Symington
Celeste Noble

College of Biological Science

College of Arts
College of Engineering and Physical Sciences
College of Social and Applied Human Sciences
Gordon S. Lang School of Business and Economics
Ontario Agricultural College
Ontario Veterinary College

D.F. Forster Medal

These medals are awarded annually to one convocating master's student and one convocating PhD student who excel both academically and in extracurricular activities. Named for the late Donald Forster, a former president of the University, the awards recognize academic achievement, motivation, leadership and citizenship.

Magisteriate Recipient

Governor General’s Academic Medals

Lord Dufferin, Canada’s third Governor General after Confederation, created these Academic Medals in 1873 to encourage academic excellence across the nation. Over the years, they have become the most prestigious award that students in Canadian schools can receive. The Governor General’s Academic Medals are awarded to the student graduating with the highest average from a high school, as well as from approved college or university programs. Pierre Trudeau, Tommy Douglas, Kim Campbell, Robert Bourassa, Robert Stanfield and Gabrielle Roy are among the more than 50,000 people who have received the Governor General’s Academic Medal as the start of a lifetime of accomplishment. Today, the Governor General’s Academic Medals are awarded as Gold at the graduate level, Silver at the undergraduate level and Collegiate Bronze at the diploma level. Medals are presented on behalf of the Governor General by participating educational institutions.

Gold Medals	Anthony Incognito Cristine Reitz	College of Biological Science Ontario Veterinary College
Silver Medals	Joelle Dori Chandler Sebastian Patrick Karpinski	College of Social and Applied Human Sciences College of Biological Science
Bronze Medal	Kenneth Robert George Malcolmson	Ontario Veterinary College

W.N. Vaughan Medal

Named for a former secretary of Senate, the Walter Vaughan Medal recognizes the contributions of a student member of Senate who has high academic standing and who has made a substantial contribution to the University, particularly through involvement in, and commitment to Senate activities.

Recipient	Sooraj Modi	College of Engineering and Physical Sciences
