A Note About Our Holy Days Calendars

Holy days may require that the practising student, staff or faculty member: fast, abstain from work or study, or participate in all-day or fixed time activities, such as congregational prayer. As with any type of belief, there are followers who are more strict and active in their involvement than others. While all efforts have been made to ensure the accuracy of these dates, the actual day of observance may vary by a day or so. The lists are intended to be a broadly representative informational resource, not an exhaustive record.
