The Office of Diversity and Human Rights, the Athletics Department, Student Affairs, and the College of Social and Applied Human Sciences invite you to a very special screening of a historically significant documentary, followed by an engaging panel discussion about its central themes of race, inclusion, and the Canadian experience.
Gridiron Underground

A historically significant documentary, Gridiron Underground, chronicles the early struggles of some of the first African-Americans to play in the CFL. The film is served up as a love letter to Canada and the CFL fans who accepted them with open arms. The stories of quarterbacks such as Bernie Custis, Chuck Ealey, Warren Moon and Henry Burris are portraits of courage and perseverance in the face of racial prejudice.
