Campus E.A. Perimeter Project

The Physical Resources department has initiated an Electronic Access (E.A.) project in 2017 to enhance the perimeter security of the University main campus buildings.

The current phase of construction is subject to funding and commences September of 2018 with completion scheduled in the latter 2019 or into 2020. Additional information confirming scope and schedule will be forthcoming shortly.

The tentative list of buildings for consideration and review within the 2018/19 phase of the project are (in no specific order):

1. Macdonald Institute
2. Presidents House
3. Creelman Hall
4. War Memorial Hall
5. Presidents House
