Economics and Finance

College of Business  
and Economics

## Kyle MacKenzie

MA Candidate

Supervisor: Francis Tapon

Second Reader: Vitali Alexeev

### Ensign Energy Inc. Security Analysis

Ensign Energy Inc. founded in 1987 in Calgary, provides oil field services across the globe. Services are primarily in drilling and well servicing using its proprietary drilling technology. Security analysis of the company was conducted to determine investment viability based off of its business model, value proposition, quality of management, competitive analysis, and financial analysis. Ensign proves to be a prudent investment for the dividend focused investor.
