Time Blocking Method Sheet by Engineering Peer Helpers DATE: Step 1: Brain dump all your tasks here! Step 3: Implement all your tasks now! Time Task Step 2: From all the tasks you've written down, pick five and order them in ascending priority. 1) 2) 3) 4) 5) Note: Don't forget to plan in time for breaks and meals! Making sure your brain is fueled is an

important part of optimizing your study time. Breaks also allow your brain to fully process the

information you have just acquired.
