Experiential learning at the University of Guelph means learning through action and reflection. Whether inside or outside the classroom, experiential learning activities provide you with the chance to gain knowledge and skills that will prepare you for your future.

Each course listed in this guide is structured with diverse experiences that will challenge you to learn through action. The **high intensity courses** listed include opportunities to work in a real or simulated workplace, and to complete a self-assessment to help you reflect on what you have learned, the skills you have developed, and your readiness for the world of work.

*Note: Consult the academic calendar for detailed course descriptions, prerequisites, and restrictions. Courses listed may not always be offered and are subject to change. Consult with offering departments for current availability.*
