University of Guelph
DEPARTMENT OF FAMILY RELATIONS AND APPLIED NUTRITION

FRHD*2040: Principles of Program Design for Children
COURSE OUTLINE – Winter 2016

Instructor: Tricia van Rhijn
T.A.: Caitlyn Osborne
Office: MINS 215
Office: MACS 321
E-mail: tvanrhijn@uoguelph.ca
E-mail: osbornec@uoguelph.ca
Office hours: Tuesdays & Wednesdays, 10:00–11:00am
Office hours: By appointment

Lecture: Monday, Wednesday, Friday; 1:30pm – 2:20pm, MINS 300
Final exam: Monday, April 18, 2016, 7:00pm – 9:00pm, Room TBA

CALENDAR DESCRIPTION
This course will examine the elements involved in planning and implementing quality play-based programs for young children. Some of the issues include: the role of the teacher, meeting developmental needs, the materials and the organization of the environment, and instructional strategies. The course will involve a workshop component.

OVERVIEW
Children learn continuously as they interact with the people and environments around them. Program staff/teachers/adults, through their knowledge of children at various stages of development, can help facilitate growth in areas of physical, emotional, cognitive, and social development. Through knowledge of the materials, of the children and their families, of their own self, and of the content areas, the professional/staff/teacher provides opportunities for children to explore and learn. Communities in which children live provide enriching experiences and caring neighbourhoods and programs that support diverse interests and needs. Families provide love, support, and open communication. In designing quality programs for your children these components must be addressed.

LEARNING OBJECTIVES
This course is designed to expose students to various issues and program development strategies that lay the foundation for quality experiences for children. At the completion of the course, students will be able to:
1. List and describe the key components involved in designing a quality program for children,
2. Compare and contrast differing theories of child development and discuss their implications for designing programs and activities for children,
3. Use an anecdotal record to record children’s behaviour, make inferences, relate observations to theory, and reflect on personal experience,
4. Explain the roles played by the professionals in designing programs and supporting children’s development,
5. Explain at least four content areas that can form the basis for a program for children,
6. Develop, implement, and critique planned activities/interventions for children that meet their developmental needs and interests,
7. Identify ways to adapt activities/interventions to meet the unique needs of children,
8. Prepare a program for a child/group of children that incorporates the principles of program design discussed in class, and

COURSE STRUCTURE
This course will consist of three, 50-minute lectures per week. During these meetings, attention will be given to theoretical issues in developing quality programs for children and families. Students will participate in hands-on, role-play, and interactive experiences with the goal of developing an understanding of the link between theory and practice. Moreover, online discussions and guest speakers will supplement our learning.

REQUIRED TEXTBOOK

REQUIRED ADDITIONAL READING (selected chapter available via electronic course reserve)

COURSE WEBSITE
There is a course website at http://courselink.uoguelph.ca. All components of this course will be housed on the CourseLink site including this course outline, further information on assignments, important notices (e.g. class cancellations), and links to further resources. Most of your assignments will be submitted through the dropbox function. Marks and feedback will also be released on the site. Please familiarize yourself with this website as soon as possible and visit it regularly throughout the semester.

ACADEMIC MISCONDUCT
Academic misconduct, such as plagiarism, is a serious offence at the University of Guelph. I will not tolerate academic misconduct and will follow the disciplinary guidelines set forth by the university should any violations occur. Please consult the Undergraduate Calendar at: http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/c08-amisconduct.shtml for offences, penalties, and procedures relating to academic misconduct.

ACADEMIC CONSIDERATION
For further information on regulations and procedures for Academic Consideration, please refer to the Undergraduate Calendar at: http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/c08-ac.shtml

## OVERVIEW OF ASSIGNMENTS
(Note: See additional assignment handouts for details)

### Online Mastery Quizzes (15%):
- 14 quizzes corresponding to textbook chapter readings; 3 opportunities to write each quiz with the highest grade recorded
- Due in two blocks (7 quizzes in each block):
  - **Block 1** – Brewer chapters 1, 2, 3, 4, 5, 7 and Stacey chapter 1 – available from week 1 to week 6, closing Sunday, February 28, 2016 at 11:59 pm
  - **Block 2** – Brewer chapters 6, 9, 10, 11, 12, 13, 15 – available from week 7 to week 10, closing Sunday, March 27, 2016 at 11:59 pm

### Developmental Objectives (10%):
- Due end of week 3 – Friday, January 29, 2016 by 11:59 pm
- Online submission of assignment via CourseLink dropbox

### Activity Plan #1 (10%):
- Due end of week 6 – Friday, February 26, 2016 by 11:59 pm
- Online submission of assignment via CourseLink dropbox

### Activity Plan #2 (10%):
- Due end of week 9 – Friday, March 18, 2016 by 11:59 pm
- Online submission of assignment via CourseLink dropbox

### Team Project – Integrated Activity Planning & Webbing (25%):
- Presentations during weeks 10 & 11 – March 21, 23, 28, 30, April 1 & 4, 2016
- Written component due one week following presentation date – online submission of team report via CourseLink dropbox.
- Submit Self & Peer Evaluation form (p. 8) in class – Wednesday, April 6, 2016
  - This evaluation assesses you and your peers’ performance as members of your team.
  - The marks are used in a calculation that will adjust 30% of your final grade on the project.
Participation (10%):
- Submit self-evaluation form (p. 7) in class – Wednesday, April 6, 2016
- Your grade will incorporate your self-evaluation of your contributions to the course with the instructor’s evaluation of your participation.

Final Examination (20%):
- 2 hour final exam during the final examination period
- Multiple choice and short answer questions
- This exam is cumulative, meaning that it will cover the assigned readings and lecture content for the whole semester. You will be required to answer questions that integrate material from throughout the semester.
- Short answer questions will be provided ahead of time for preparation purposes.

Late assignments: Late assignments will be accepted up to 5 days (including weekends) following the due date and will receive a penalty of 10% per day EXCEPT under documented grounds for compassionate consideration. Assignments submitted more than 5 days late without documented grounds will receive a grade of zero. If you know you are going to be handing an assignment in late, you must contact your instructor and teaching assistant to inform them when you will be submitting your assignment.

Grades: After you receive a grade on CourseLink, please review your feedback. Any inquiry or dispute over the grade must be made within two weeks from the date they are posted. If you fail to protest any grade during this time limit, changes to the grade will not be considered. Grades will be based on the Grading Procedures outlined in the Undergraduate Calendar at: http://www.uoguelph.ca/registrar/calendars/undergraduate/current/c08/c08-grds-proc.shtml

Turnitin Software:
Course instructors are allowed to use software to help in detecting plagiarism or unauthorized copying of student assignments. Plagiarism is one of the most common types of academic misconduct on our campus. Plagiarism involves students using the work, ideas and/or the exact wording of other people or sources without giving proper credit to others for the work, ideas and/or words in their papers. Students can unintentionally commit misconduct because they do not know how to reference outside sources properly or because they don't check their work carefully enough before handing it in. In this course, your instructors will be using Turnitin.com to detect possible plagiarism, unauthorized collaboration, or copying as part of the ongoing efforts to prevent plagiarism in the College of Social and Applied Human Sciences. A major benefit of using Turnitin is that students will be able to educate and empower themselves in preventing misconduct.

</tr>
</tbody>
</table>

**Note:** This is a tentative schedule. The schedule for the topics may change based on the pace we cover the material. All attempts will be made to follow this schedule; however, due to various unknown factors there may be changes. Any changes will be announced during lecture periods and an announcement will be posted on the CourseLink site.
CORRESPONDENCE

• As per university regulations, all students are required to check their University of Guelph email account <mail.uoguelph.ca> on a regular basis. All email communication will occur through this account.
• The course instructor is available for inquiries outside of scheduled classes via email on weekdays only. I will respond to your email within 48 hours between Mondays and Fridays.
• Please do not leave your inquiries until the day before your assignments are due as you may not get a response in time.
• I appreciate you using an appropriate subject line and greeting in your email. You may address me by my first name; however, messages without a subject line or greeting, or greetings like ‘hey’ or ‘hey you’ are unprofessional and may not be answered. For example, “Subject: FRHD*2040 Activity Plan assignment question” would be appreciated.

YOUR RESPONSIBILITIES

• I expect you to be an active learner in this class. You are responsible for reading and understanding the course outline. Questions about information available on the course outline will not be answered.
• Use the discussion boards on the CourseLink site to ask questions that your fellow students may be able to answer.
• Prepare yourself for each class by doing all the required readings.
• Come to class on time and stay until the end of the class period.
• Check the CourseLink site regularly for important announcements and to obtain class materials.
• Be a responsive and responsible team member to your group. The group assignment takes place over the course of the semester and you will need to work well together in order to be successful. Respond to emails, attend group meetings, contribute to the discussion, follow through, get your part of the work done, and be flexible!
• Within two weeks of grade postings, check CourseLink and email the instructor (or TA) to question any grades, clarify any feedback, and/or correct any potential errors (otherwise the posted grade will stand).
• Use CourseLink to communicate with other students and the instructor. Please use email for confidential inquiries.
• Complete course requirements with integrity.

MY RESPONSIBILITIES

• Clearly communicate course content, expectations and requirements.
• Be prepared for every class.
• Be available to communicate with students about course content, individual assignments, and the group assignment.
• Respond to emails within 48 hours between Monday and Friday.
PARTICIPATION SELF-EVALUATION (10% of final grade) – due in class Wednesday, April 6, 2016

Your participation grade will evaluate your participation during lectures and your ability to contribute to the course and your peers during workshops and group presentations. Evaluation will be based on being an “active participant” in the course. **Note:** This component of your grade is separate from your contribution to your team project. Your grade for this component will incorporate your self-evaluation grade with the instructor’s and TA’s evaluation of your participation.

The **ideal “active participants”** are students who contribute to most of the discussions during nearly every class period (lectures and seminars), or try to contribute by raising their hands often when questions are asked. They share interesting and/or thought-provoking ideas that are relevant to the topic and to the readings, and do not talk simply to hear their own voices. These students are highly engaged and take in-class exercises seriously, using these moments to explore their understanding and thoughts regarding course material. These students are consistently attentive and responsive in lectures and on the course website. They focus on the course material and attend classes prepared in terms of completing assigned readings and/or reviewing their peers’ postings on the course website. Ideal active participants engage with course materials outside of class by making links with other course offerings, and processing or relating information learned through a course in other realms of their lives.

**Please answer the following questions:**
1. Please give yourself a grade out of 10 based on the description of active participation: _____ /10

2. Provide a rationale supporting your self-assessed grade. Include in your rationale a description of your “active participation” in FRHD*2040 – this refers to contribution to class sessions, engagement in class exercises and workshops, attentiveness in class sessions, preparation for lectures, support of others’ team projects, and engagement outside of class.

3. How has your participation in FRHD*2040 differed from other classes at UofG?

4. What other elements would you like us to consider in assessing your participation grade?

Full Name: __________________________________________
At the end of the team project, you must complete the following self and peer assessment. **This assessment is mandatory** and all group members must complete it. If you decide that everyone in your group made equal contributions, you must still complete the assessment and will simply give everyone the same mark.

Remember that you are judging the performance of yourself and others in your team and the other team members are judging your performance. These marks are used to adjust your final grade on the project; it will account for 30% of your Team Project grade. Using the following scale, assign a contribution mark for each team member (including yourself) for each of the five aspects of team functioning listed in the table.

<table>
<thead>
<tr>
<th>Mark</th>
<th>Level of Contribution</th>
<th>Description of Contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>Major contribution</td>
<td>Better than most of the team in this respect</td>
</tr>
