**Practicum Report & Presentation**

**Objective:**
These assignments summarizes your placements, projects/tasks and reflections on the successes and challenges you experienced in completing the activity plans and discusses the main lessons/concepts and key skills/competencies learned from participating in the placement.

**Practicum Report:**
1. Reflect back on your experiences during your placement and review your journals. Select your top 3 lessons or concepts learned and elaborate why these are important to you as a professional in training. Frame these lessons or concepts using models and theories of your choice. It is preferred that you use three frames that you have not used before. Use one theory or model per lesson or concept. Use the literature to support your reflections, statements, arguments and conclusions. Remember to close the ‘loop’ on your arguments.

2. List the SMART objectives developed at the end of fall. Evaluate how well you meet these objectives in the winter term. Based on this analysis, develop two SMART learning objectives and detailed learning plans for these objectives that you will pursue in the next semester of the program. Use the literature to support your learning objectives and learning plan. Be sure to include what resources evaluation methods etc you will use to meet your goal.

**Formatting guidelines:**
- Maximum 10 pages excluding references & appendices, if applicable
- 1.5 spacing and 11 point Arial font, 2.54 cm L & R margins; 2.0 cm top & bottom margins
- Tables: Arial font 11, 1.0 spacing
- Avoid excessive use of first person in writing.

**Referencing Guidelines:**
- APA referencing: including any person communications
- Max 1 textbook; max 2 websites; min 10 journal articles; no course notes
- **Note:** appropriately reference all sources of information used to support your thoughts and reflections (including personal communications). Failure to do so will necessitate a discussion with the Departmental Chair on the nature of the infraction and could lead to further academic consequences
