Stay Connected with iProcurement Training and System Updates

iProcurement Training

Purchasing Services has developed interactive iProcurement in person training sessions and offer them through the University’s Learning & Development Programs. Check out the HR Learning and Development Calendar [1] for next training session available.

Another training resource is the iProcurement Tutorial module [2] which you can access at any time from your own desktop.

iProcurement System Update

As part of our continuous improvement, the iProcurement team constantly seeks opportunity to improve the system and the process. Whenever any change is made to the system, we will send out iProcurement Updates to all iProcurement users to keep everyone informed of all changes and updates.

Check out below list for recent iProcurement Updates:

If you are an iProcurement user but did not receive these updates, please email purchasing.helpdesk@uoguelph.ca [8]. We will make sure you are added to the iProcurement communication list.

iProcurement User Group Feedback

We would love to hear any suggestions and feedbacks you might have about the iProcurement system or the HVPO process. Please do not hesitate to let us know. Together, we could make it better.

Stay connected.
