## Course Policies

### Grading Policies

Case Participation (20%) is based on class discussion, relevant contribution to the weekly case discussion, and/or CourseLink postings (1 mark/quality post or point). **For the five numbered cases listed in BOLD on the Lecture/Seminar Outline, students must submit a completed Case Overview at the beginning of the seminar for that week** (3 marks/written case). Attending lectures and seminars is required, but in itself is not sufficient to earn a high participation grade. Students are expected to read assigned text chapters and cases each week, and come to class ready to discuss the material. 20% = 5 cases x 4 marks per case (1/post or point + 3/written case). Late submissions will be penalized (5% of grade).

Midterm (20%) and Final (35%) exams are a combination of multiple choice, short answers and/or small cases. In accordance with University of Guelph exam policies and procedures, students are responsible for ensuring that they do not have a time conflict with examinations in other courses.

Group Project (25%) is a group report (4 to 5 people per group), to be submitted as a written document, and presented in class. The report should be typed in Times New Roman, 12-pt font, double-spaced and free of spelling and grammatical errors. Body length should be approximately ten pages. Papers must be properly referenced using APA format. Up to 25% of the grade can be affected by an unprofessional presentation. The report is due November

27. Late submissions will be penalized (5% of grade per day late). See **CourseLink** for details.

### **Course Policy on Group Work:**

Grades for the group project will be adjusted based on peer evaluation forms, to be submitted individually by each group member.

### **Course Policy regarding use of electronic devices and recording of lectures**

Electronic recording of classes is expressly forbidden without consent of the instructor. When recordings are permitted they are solely for the use of the authorized student and may not be reproduced, or transmitted to others, without the express written consent of the instructor.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.
