

2018

DR. JAMIE BURR WINS 2018 GRADUATE MENTOR AWARD

University Club Celebration
December 19th, 2:30 – 4:30pm

The Chair of the CBS awards committee commented:

From reading the nomination letter, and many letters of support, I was incredibly impressed with the respect and admiration that your trainees have for you. One trainee wrote *"Jamie displays an extraordinary commitment to mentorship, and the excitement and enjoyment of research that he brings out in his trainees is a testament to this."* For me, this is what all graduate advisors should hope to achieve.
