

HNRU MANAGEMENT COMMITTEE MEMBERS

DR. AMANDA WRIGHT, DIRECTOR

Amanda Wright is an Associate Professor in HHNS. She received her Ph.D. in Food Chemistry from the University of Guelph and worked as a postdoctoral fellow in the Department of Chemical Engineering and Applied Chemistry at the University of Toronto. She is interested in how the structure and physical properties of food materials and functional foods, contribute to human health.

DR. ALISON DUNCAN, ASSOCIATE DIRECTOR OF RESEARCH

Alison Duncan is a Professor in HHNS. She is a Registered Dietitian and received training at the Sunnybrook Health Sciences Centre in Toronto, an M.Sc. in Nutritional Sciences from the University of Toronto and a Ph.D. in Nutritional Sciences from the University of Minnesota. Her main research is focused on the biological effects of functional foods through human intervention studies.

DR. DAVID MUTCH, ASSOC. DIR. OF BIOMARKER DISCOVERY

David Mutch is an Associate Professor in HHNS. He received his Ph.D. in Biology from the University of Lausanne, Switzerland and held postdoctoral fellowships at the The Scripps Research Institute in San Diego, California and the French National Institute for Health and Medical Research in Paris, France. He is interested in nutrigenomics and the role of dietary fat on gene expression and obesity.

DR. CORAL MURRANT, HHNS DEPARTMENT CHAIR

Coral Murrant is a Professor in HHNS. She received her Ph.D. from the University of Guelph in Human Biology and held postdoctoral fellowships in Houston, Texas at the Baylor College of Medicine and at the University of Rochester, New York. Her main research is focused on how contracting skeletal muscle communicates with blood vessels.

DR. AMY TUCKER, MANAGER

Amy Tucker is a Professional Staff member and joined as HNURU Manager after completing her Ph.D. in Nutritional Sciences at the University of Guelph. Her research expertise is in human interventions of functional foods and chronic disease, as well as satiety and appetite research.
