**Leave for Change Positions**

Uniterra maintains a list of Leave for Change positions on their website. Please click on the map under the heading "Discover our Available Positions" to see a small sample of volunteer assignments and review them. These positions represent just a small percentage of the skills and knowledge from which Uniterra’s local partner organizations could benefit. If you do not see a position that matches your skill set, do not be discouraged. Consider the skills and knowledge you have from work, volunteer, and other experiences (e.g. facilitation & training, additional languages you speak, areas of expertise) and apply anyway. In your cover letter, please include the professional skills that you think you could contribute. If you are selected for an interview, the L4C Program Manager will provide you with additional informational about the possible positions that would match your skills and experience.

If you have questions about the application process or about the volunteer experience, you can connect with a past participant [2], or email Human Resources [3].

Interviews
Short-listed applicants will be interviewed by representatives from Uniterra and University of Guelph. These in-person interviews normally take place during regular working hours.

Successful Applicants Announced
March 21-22, 2019

Pre-departure Orientation
Successful candidates must attend a mandatory two-day pre-departure training and orientation session. The session is run Uniterra and the Centre for Intercultural Learning. This session typically occurs in Toronto. The orientation is critical to participants, as it includes cultural protocol, what to expect, oversee resources, expectations of your volunteer role, and other vital information for your volunteer trip.

Volunteer Assignment (3-4 weeks)
June 2019- February 1, 2020
The timing of your volunteer assignment will be determined by your availability and the schedule of the partner organization with whom you will volunteer.

Debrief with Uniterra & Human Resources
A month after return date
As a means to continuously ask for feedback and evaluation, we have a debriefing for each participant, one month after return to Canada.

Public Engagement Activities
Upon return and ongoing
Participants are asked to give back to the University by sharing their Leave for Change experiences with the University community during and after their volunteer experience. Participants will be provided with training to set up a blog so they can post brief blogs and pictures while on Leave for Change. Participants are also asked to share their experience within 4-6 weeks of returning; in the past participants have created photo displays, presentations, talks, or participated in panel discussions. Having one-on-one conversations about your experiences with other UofG employees tends to have the biggest impact in convincing them that they have the skills and experience to be able to make a difference through Leave for Change.
