# Occupational Health Surveillance

Occupational Health and Wellness (OHW) provides occupational health surveillance programs. The surveillance programs listed below are available for University of Guelph employees whose work and/or research activities might expose them to an increased risk of an occupational hazard such as chemicals, physical agents (noise and radiation) and biohazards (including zoonosis).

- Medical Surveillance - Audiometric [1]
- Medical Surveillance - Biosafety [2]
- Medical Surveillance - Cholinesterase [3]
- Medical Surveillance - Pregnancy Protocol [4]
- Medical Surveillance - Rabies [5]
- Medical Surveillance - Radiation Lasers [6]
- Medical Surveillance - Radiation Radioiodine [6]
- Medical Surveillance - Respiratory Protection Program [7]

If you are involved in research projects and/or work in areas with potential exposure to work hazards; or would like additional information regarding the services listed above please contact OHW by email [8], or by phone at 519-824-4120 ext. 52647.
