

Occupational Health Surveillance

Occupational Health and Wellness provides occupational health surveillance programs. The surveillance programs listed below are available for University of Guelph employees whose work and/or research activities might expose them to an increased risk of an occupational hazard such as chemicals, physical agents (noise and radiation) and biohazards (including zoonosis).

- [Medical Surveillance - Audiometric](#) [1]
- [Medical Surveillance - Biosafety](#) [2]
- [Medical Surveillance - Cholinesterase](#) [3]
- [Medical Surveillance - Diving Operations](#) [4]
- [Medical Surveillance - Pregnancy Protocol](#) [5]
- [Medical Surveillance - Rabies](#) [6]
- [Medical Surveillance - Radiation Lasers](#) [7]
- [Medical Surveillance - Radiation Radioiodine](#) [7]

If you are involved in research projects and/or work in areas with potential exposure to work hazards; or would like additional information regarding the services listed above please contact Occupational Health and Wellness by phone at 519-824-4120 ext. 52647 or by [email](#) [8] .
