

## Online Course Registrations

**\*\*\*Important - NEW EHS Registration System coming January 2026. Stay tuned for information on how to register for 2026 EHS courses\*\*\***

### Online Course Registration

To [register for EHS courses](#) [1] use the EHS Course Registration System and Training Record Database. Please note that a UG central login is required to register for EHS courses.

Following submission of your registration you will receive instructions for access to the module.

We encourage you to register in all the courses you are interested in, even those that are full. When you register for a program that is full, you are automatically placed on the waiting list. When a space becomes available, you will receive an email confirming that you are registered.

### Your Course History

If you are already registered, my [Training Profile](#) [2] provides a personal record of events you are enrolled in. It allows you to:

- Check and edit your profile information
- Check your current registration status
- Cancel a registration
- Print a history of your participation
- Check expiry dates of certification courses

Questions about course registration, withdrawing from a course and specific course questions? Check out our [EHS FAQ page](#) [3] for answers.
