Online Course Registrations
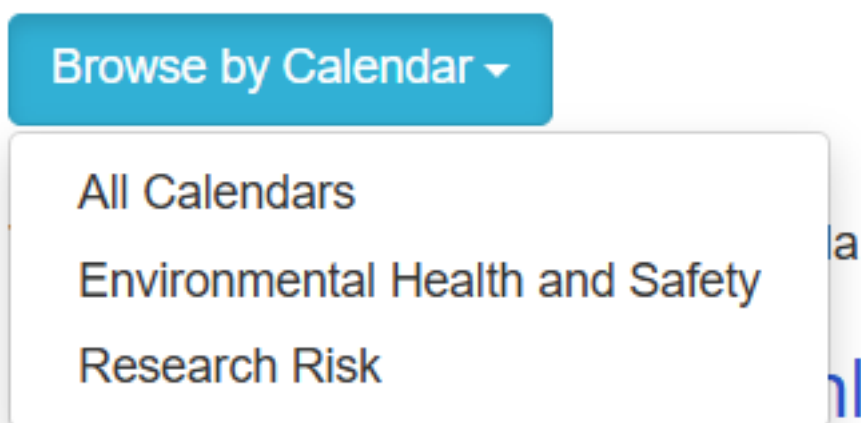

Online Course Registration

To register for EHS courses [1], use the (LibCal) EHS Course Registration System *(under Browse by Calendar, choose 'Environmental Health and Safety'):*

Please note that a UG central login is required to register for EHS courses.

Following submission of your registration you will receive instructions for access to the module.

We encourage you to register in all the courses you are interested in, even those that are full. When you register for a program that is full, you are automatically placed on the waiting list. When a space becomes available, you will receive an email confirming that you are registered.

Check out our EHS FAQ page [2] for information on how to register or withdraw for a course.
