Online Course Registration

To [register for EHS courses](#) [1], use the (LibCal) EHS Course Registration System (*under Browse by Calendar, choose 'Environmental Health and Safety'*):

Please note that a UG central login is required to register for EHS courses.

Following submission of your registration you will receive instructions for access to the module. **Important Note: Online courses offered via Courselink will be available one day *after* you register.**

We encourage you to register in all the courses you are interested in, even those that are full. When you register for a program that is full, you are automatically placed on the waiting list. When a space becomes available, you will receive an email confirming that you are registered.

Check out our [EHS FAQ page](#) [2] for information on how to register or withdraw for a course.
