Retirement Checklist

Once you know that you are financially and emotionally ready to retire, there are a number of steps you need to complete. This page provides a “checklist” of the steps to complete.

Notify your Department

- Inform your department in writing about your upcoming retirement and what your last day at work will be. Often individuals use up their remaining vacation prior to departure so their last day of employment is after their last day at work.
- Speak with your department about their last day procedures. You may need to hand in equipment, keys, etc. Parking passes are returned directly to the Parking Office.
- Make arrangements to use up all your vacation/floater prior to your last day of employment.
- Please note that all retirements are processed on the 1st day of a month.

Make an Appointment with Human Resources
