The Treasury Officer, reports to the Assistant Director, Treasury Operations and is a key individual responsible for a number of specialized Treasury and banking functions within Financial Services. The incumbent is required to manage a number of applications using bank systems, Oracle Financials and University accounting and interface processes. The tasks are managed within a tight time frame, requiring a balance of accounting and technical skills and the ability to problem solve and troubleshoot as required.

The main responsibilities of this position include;

- Management and reconciliation of credit, debit card & web payments ($60 million annually) received centrally for the 60+ University department merchants located across campus. Must be able to manipulate data from a number of system environments that includes; electronic bank statements, excel spreadsheets, Oracle Financials, CIBC Cash Management system and others.
- Administration & management of the Cheque Clearing Process for all Payroll and Account Payables cheques.
- Manage the daily transfer process for all online payments received electronically across the global banking network.
- Oversight and reconciliation of a number of Bank accounts for various revenue and expenditure core activities along with Departments, Colleges, ancillaries including Hospitality & Parking and others. The incumbent is responsible for ensuring that all bank activity is recorded and journal entries are completed in a timely manner and uploaded to the university general ledger.
- Administration of the Merchant Accounts and Payment Card Industry requirements ensuring the University can appropriately process credit, debit card & web payments while assisting merchants with their accounts.

Requirements of the position include: a two year college diploma in accounting or a related field (an undergraduate degree preferred) with a few years of related accounting experience; excellent computing skills (MS Office suite, reporting tools, experience with Oracle Financials) are essential; strong analytical and communication skills and a commitment to client service. The ability to demonstrate a high level of confidentiality, attention to detail, and accuracy; and the ability to multitask and prioritize, and handle competing demands while working with interruptions is critical to success in this role. Experience working in the University sector is preferred.
