Temporary full-time from December 2018 to August 2019
Temporary absence of the regular incumbent

Hiring #: 2019-0009

Please read the Application Instructions [1] before applying

Laboratory Services Division is seeking an Instrument / Facility Service Technician to repair, preventatively maintain, and monitor both general and specialized laboratory instrumentation and computerized monitoring systems. Working in an ISO accredited environment, additional responsibilities include: developing a preventative maintenance (PM) schedule and co-ordinate/perform PM's procedures as per PM schedule; move and/or install laboratory equipment ensuring all utilities (water, hydro, plumbing, etc.) are linked and operational to the manufacturer standards; calibration of thermometers and monitoring systems; checking and repairing eye wash stations; maintaining laboratory repair records; coordinating fridge/freezer repairs; providing security access cards; assisting with office/lab space reorganization and instrument moves and, assisting other facility staff as required.

Requirements of the position include: Two year community college program as a Laboratory Technician or Electronics Engineering Technician combined with several years’ experience working with sensitive, specialized electronics within a laboratory environment, or an equivalent combination of education and experience. Additional requirements include: demonstrated experience in designing/rebuilding non-specialized equipment; trouble-shooting on a wide-range of electronic equipment; demonstrated ability to develop alternative approaches to fixing equipment failures and adapting equipment to lab requirements within a timely, cost-effective manner; working experience in a client-focused, deadline-driven high-volume environment; self-motivated and able to work collaboratively within a team environment; excellent interpersonal, time- management and priority planning skills.

This position requires frequent lifting of up to 40-60 lbs. and a diverse range of motions to perform a wide variety of preventative maintenance activities. A valid Ontario Driver’s license is required. Applicants will be required to provide a clean driver's abstract.

Hours of work are 35 hours/week, 7 hours/day, Monday-Friday.

Covering Position Number 481-043
Classification USW, Local 4120 Salary Band 5
Normal Hiring Range $24.79 - $27.69 per hour

At the University of Guelph, fostering a culture of inclusion [2] is an institutional imperative. The University invites and encourages applications from all qualified individuals, including from groups that are traditionally underrepresented in employment, who may contribute to further diversification of our Institution.
