Laboratory Technician, DNA Analysis

Forbes includes U of G Among Canada’s Best Employers

Office, Clerical and Technical
Position covered by the Collective Agreement with USW Local 4120

Laboratory Technician, DNA Analysis

Agriculture & Food Laboratory, Laboratory Services Division

Temporary full-time from March 2019 to August 31, 2019
Temporary absence of the regular incumbent

Hiring #: 2019-0116

Please read the Application Instructions [1] before applying

Join our Molecular Biology team with the Agriculture and Food Laboratory. You will be involved in day-to-day operations to provide professional analytical services in DNA analyses for various types of targets and samples, using a number of established laboratory methods, for a wide range of clients. Responsibilities include: processing client samples; performing various molecular-based assays; generating accurate and timely analytical results; reporting the results to the scientist and/or supervisor; maintaining equipment and a safe working environment; maintaining QC/QA records according to established laboratory protocols and ISO 17025 requirements.

Requirements of the position: BSc in Molecular Biology or a related discipline from a recognized standing, plus solid laboratory experience in molecular methods such as, DNA isolation and polymerase chain reaction (PCR), or an equivalent combination of education and experience. Excellent bench work skills; demonstrated abilities to generate high quality DNA-based results within rigid deadlines and to work effectively in a dynamic and fast-paced environment; effective communication skills; good teamwork and organizational skills; previous experience in analyzing a high volume of samples; experience delivering excellent client services.

Covering Position Number 485-070
Classification USW, Local 4120 Salary Band 5
Normal Hiring Range $24.79 - $27.69 per hour

At the University of Guelph, fostering a culture of inclusion [2] is an institutional imperative. The University invites and encourages applications from all qualified individuals, including from groups that are traditionally underrepresented in employment, who may contribute to further diversification of our Institution.
