G\textsuperscript{360} Institute for Groundwater Research

Temporary full-time from December 2, 2019 to December 2, 2024

Hiring #: 2019-0591

Please read the Application Instructions [1] before applying

Established in 2008, the G\textsuperscript{360} Institute for Groundwater Research (G\textsuperscript{360}) represents the University of Guelph’s response to global challenges relating to safe and sustainable water supplies that support human populations and ecosystems. The G\textsuperscript{360} Institute is a platform for transformational change in how we think about and engage with stakeholders from the community, government, municipalities, industry, agriculture, and engineering consulting firms, to advance research knowledge, expertise and technology relating to bedrock groundwater systems.

With an annual operating budget of $3-5M, G\textsuperscript{360} leads multi-institutional, multi-college (within the University of Guelph) and multi-disciplinary collaborative research projects and programs to better understand and manage groundwater flow and contaminant behaviour, and to communicate advances in tools, methods and technologies to the stakeholder community. The Institute hosts: (1) field-based sponsored research on privately owned industrial sites; (2) publicly funded programs and large multi-institution collaborations that are provincial, national and international in scope; (3) a major External Sponsors and Partnership program, The University Consortium for Field-Focused Groundwater Research with numerous Federal and Provincial grants and (4) a globally unique Research Station, the Bedrock Aquifer Field Facility, located at the University of Guelph.

Reporting to the Director and Chief Operating Officer of G\textsuperscript{360} the Manager Finance, Grants & Contracts will play a key role in the efficient, effective and accountable financial control and reporting of a portfolio of grant- and contract-funded research programs valued at $3-5M annually with more than 50 active accounts. Key duties include:

- Timely financial reporting (including audit) and presentation to external and internal stakeholders
- Compliance and purchasing oversight, adhering to granting agency policies and guidelines
- Variance analysis (budget to actual), budget reporting for grants, and invoice preparation for contracts
- Developing and maintaining forecasting tools and other tracking mechanisms as needed
- Client relationship management and contract negotiations

Requirements of the position include:

- Undergraduate degree plus a professional accounting designation (CA, CMA, CGA) or in progress, together with a minimum of 3 years of related experience, or an equivalent combination of education and experience
- Candidates who hold a Master’s degree in a science and engineering related field will be preferred
- Experience in public sector financial management and/or familiarity with the academic environment
- Experience in developing financial reports and monitoring variances
- Comprehensive knowledge of computer financial software, including MS Office Suite and Google Suite
- Excellent organizational skills as well as the ability to prioritize and adapt to competing demands
- Demonstrated ability to communicate effectively and build relationships with numerous stakeholders
- Accuracy and attention to detail
- Excellent problem solving and analytical skills
