Millwright

Maintenance & Energy Services, Physical Resources

Hiring #: 2020-0036

Please read the Application Instructions [1] before applying

Reporting to the Building Mechanic Supervisor, the Millwright is responsible for a variety of duties related to the ongoing demand maintenance and preventive maintenance of facilities at the University's Guelph campus. Specific responsibilities include: removing, repairing and rebuilding various types of pumps and fans; installing and aligning new equipment using appropriate tools and technology; troubleshooting systems and equipment, and making recommendations to the supervisor on the best approach for repairing or replacing existing equipment; repairing and maintaining a variety of specialized equipment such as hydraulic lifts, various research and animal handling equipment; repairing larger equipment on site, with assistance if needed; rigging and hoisting equipment; assisting contractors with large and/or specialized repairs; working with the department’s vibration analysis instrument and its associated software; filling out appropriate paperwork (e.g. related to equipment upkeep, work orders, time cards, etc.); maintains a clean workshop and job site and assists other trades working in the same area or on the same job when appropriate; and other associated duties as assigned. The incumbent may be required to respond to after-hours calls as well as take training provided or arranged by the employer.

Requirements of the position include: Grade 12 diploma together with an Industrial Mechanic Millwright license (433A), and 7280 hours of apprenticeship experience as part of the Industrial Mechanic Millwright trade certificate and three years of relevant experience working on related equipment. The successful candidate must: have an excellent work ethic; have strong organizational, communication and interpersonal skills; be effective working both individually and as a member of a team; and be committed to safe work practices.

The Millwright may be required at times to work different shifts as needed, with appropriate notice.

Any applicant from off campus, if selected as the successful candidate, will be expected to provide an acceptable criminal records check and vulnerable sector screening at his/her own expense as a condition of employment.

Position Number 820-010
Classification CUPE Band 7
0-3 month rate $31.18 per hour plus shift premium where appropriate
Job Rate $32.82 per hour plus shift premium where appropriate
Vacancy Original
Work Location Based in the Building Mechanics Shop and working at potentially any location on the University's Guelph campus
Initial Shift Assignment Day shift (8:00 a.m. to 4:30 p.m.), however, following training, shift assignments also include periodic rotation of 8-hour day and afternoon shifts, including some weekend shifts; exact hours will vary according to the time of year

At the University of Guelph, fostering a culture of inclusion [2] is an institutional imperative. The University invites and encourages applications from all qualified individuals, including from groups that are traditionally underrepresented in employment, who may contribute to further diversification of our Institution.
