UHIP & COVID Vaccines

Currently, UHIP members are eligible to receive the COVID-19 vaccine, based on provincial eligibility guidelines that include: supply of vaccine, age, occupation, and 'hot spots' that have a high infection rate. Eligibility changes quickly depending on supply and demand. Members are encouraged to bookmark their local public health web page and check daily for updates.

The locations below provide COVID-19 vaccinations. The Ministry of Health (MOH) reimburses mass vaccination sites, mobile clinics, pop-up clinics, public health units and pharmacies for administering the COVID-19 vaccination, but does not reimburse private doctor offices or nurse practitioners for individuals without OHIP. Depending on where the UHIP member is vaccinated, there may be charge, and it's eligible for reimbursement under UHIP – see below.

Within Ontario, Hull or Gatineau:

Where is the UHIP member getting their vaccination?	**Who pays?**
Designated mass vaccination site	**Governme**
Mobile or pop-up clinics	• Mer • if th

G700 & G5

Important:

- Similar to Ontario, each Province has a public health website with information about their vaccination roll-out plan and their vaccination when available.
- Many pharmacies are offering the option of pre-registration. This allows members to have their contact information re
