

UHIP & COVID Vaccines

Currently, UHIP members are eligible to receive the COVID-19 vaccine, based on provincial eligibility guidelines that include: supply of vaccine, age, occupation, and 'hot spots' that have a high infection rate. Eligibility changes quickly depending on supply and demand. Members are encouraged to bookmark their local public health web page and check daily for updates.

The locations below provide COVID-19 vaccinations. The Ministry of Health (MOH) reimburses mass vaccination sites, mobile clinics, pop-up clinics, public health units and pharmacies for administering the COVID-19 vaccination, but does not reimburse private doctor offices or nurse practitioners for individuals without OHIP. Depending on where the UHIP member is vaccinated, there may be charge, and it's eligible for reimbursement under UHIP – see below.

Within Ontario, Hull or Gatineau:

Where is the UHIP member getting their vaccination?

Designated mass vaccination site

Mobile or pop-up clinics

Public health unit

[Designated pharmacy](#) [1]

Primary care setting (eg. Family doctor, campus clinic)

Community walk in clinic

We encourage members to use designated mass vaccination clinics, pharmacies, or PPN physicians and clinics to avoid out of pocket expenses.

Important:

- Members can access the Ontario provincial website to find out when/where they can book their vaccine <https://covid-19.on.ca/>

UHIP & COVID Vaccines

Published on Human Resources (<https://www.uoguelph.ca/hr>)

- Each Public Health Unit, mass vaccination site and pharmacy has their own booking requirements. Some online booking systems require a member to enter a health card number, the member should call the booking system if they are unable to book.
- If the online booking process requires a member to enter a health card number, the member should call the booking system if they are unable to book.

Outside Ontario, but within Canada:

If administered by a health care provider

G700: \$7.00

G593: \$16.00

Total UHIP

G700 & G593: \$23.00

Important:

- Similar to Ontario, each Province has a public health website with information about their vaccination roll-out plan and when their vaccination will be available.
- Many pharmacies are offering the option of pre-registration. This allows members to have their contact information recorded in the system before they arrive at the clinic.
